28TH JANUARY 1887, No. 134, PUBLIC.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

Telegram from the Secretary to the Government of India, Revenue Department, to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, 25th January 1887.

I forward, for the information of His Excellency the Governor in Council, a copy of a telegram from the Secretary of State. Telegram begins. Commemoration of Jubilee Imperial Institute. I send despatch enclosing letter from His Royal Highness the Prince of Wales with report of Committee adopting suggestion of permanent representation of resources of Empire managed by body created by Charter with building for libraries, museums, trade conferences, &c. Scheme accepted by Chambers of Commerce and Colonial Agents and acceptable to Her Imperial Majesty the Queen personally may be held to be finally decided on. His Royal Highness the Prince of Wales hopes it will receive cordial support of your Excellency's Government and Princes of India. I concur and suggest formation of Central and Local Committees to make objects known to all classes of community. Telegram ends. I am directed by His Excellency the Governor-General in Council to request that, as it is advisable that the Imperial Institute, to be founded in London in commemoration of Her Majesty's Jubilee, should not be excluded from the attention of the Indian communities which are now rapidly maturing their plans for the celebration of that event, the wishes of His Royal Highness the Prince of Wales may be communicated, in anticipation of the Secretary of State's despatch, both to all committees formed for the purposes of the Jubilee, and to the Chambers of Commerce, the Municipal and Local Boards, and other influential bodies. His Excellency the Governor-General in Council observes that the Imperial Institute, inasmuch as it is designed to increase the demand for Indian produce and manufactures by bringing them to the notice of consumers, and thus to call into requisition improved processes and methods of supply, is not unconnected with the promotion of industrial education in India, and may suitably find a place beside the local means of technical instruction among the permanent objects to which the larger communities are proposing to devote their subscribed funds. I am to request therefore that you will move His Excellency in Council to adopt early measures to make known to all classes of the community the wishes of His Royal Highness and the objects of the institution as explained in the report of the Committee, and to take into consideration the formation of Local Committees with a view to further action for giving them effect.

ORDER—dated 28th January 1887, No. 134, Public.

Ordered to be communicated to all Collectors, Presidents of District Boards, President of the Municipal Commission, Madras, and Chairmen of Municipalities in the mofussil, and to be laid on the Editors' table.

(True Extract.)

W. H. S.
Ag. Chief Secretary.
