2. The matter of constructing a crane and the extension of the goods-shed at the wharf of this port was asked to be laid over in your Office letter No: 7955 of the 25th September 1885, pending personal inspection of the place by the Master attendant in conjunction with the Chief Engineer for Irrigation, which was to have been in the early part of this year, but which seems to have been indefinitely postponed.

I therefore request that I may be advised, if funds are available, whether

I may call upon the Superintending Engineer to prepare detailed estimates for these latter works.
