Forwards Endorsement No.
513 S.E. 5 dated 22nd January
1887. enclosing letter from Supt.
Engineer 5 Circle regarding the
transfer of roads over bridges to
the Municipality of Madras.

Endorsement h^o 513 S.E. 5 dated
22nd January 1887.

Forwarded to the Chief Engineer, Public Works Department, for favor of orders.

G.O. h^o 1286 W dated 21st May 1886 ordered that the bridges (and their roadways) within the Municipality of Madras should be transferred to the Municipality from 1st April 1886; and G.O. h^o 106 W dated 13th January 1887 evidently contemplates no expenditure being incurred in this department on repairs of roadways; the Superintending Engineer has however sanctioned 3 small Estimates as per margin, & now states that the actual transfer took place in June 1886: these Estimates should apparently be cancelled, & the outlay on them including percentages recovered from the Municipality.

13TH JANUARY 1887, No. 106 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepak, 22nd December 1886, No. 4800 :—

I have the honor to surrender the following sums which are not required for expenditure during the current official year in the Presidency division :—

Provincial.
Communications.

	RS.
Repairs	3,500
Tools and plant	2,750
Total	6,250

from the grants of Rs. 18,000 and Rs. 5,226 appropriated in G.O., No. 1594 W., dated 23rd June 1886, under the heads concerned. A further sum of Rs. 2,029 can be surrendered from Communications if nothing is to be paid by Public Works Department for repair of roadways over the Madras bridges—see G.O., No. 740 M., dated 2nd August 1886. After provision has been made for the St. Mary's cemetery gate and the repairs of the workshops amounts, for each of which I have already reported, the next most urgent Provincial works at the Presidency seem to be the—

- | | RS. |
|---|-----------------------|
| (1) Repair and improvement of some 723 ruinous tombs and monuments in St. Mary's cemetery, cost of which will be | 7,230 or thereabouts. |
| (2) Laying Red Hills water on to St. Mary's and St. Andrew's cemeteries | 859 |
| (3) Planting trees, cutting down trees, and repairs of paths, &c., as considered necessary by the Garrison Chaplain and Superintending Engineer at their recent inspection | 470 |
| (4) Repair of walls of cemetery other than east wall | 1,200 |

There are already sufficient funds in the Presidency division under Miscellaneous Public Improvements to meet the cost of making the proposed two or three light bunds in the river Cooum.

ORDER—dated 13th January 1887, No. 106 W., Public Works.

The following sums surrendered by the Superintending Engineer, V Circle, from the current year's grant to the Presidency division, are resumed and credited to the Provincial reserve with the Government :—

	RS.
Communications—Repairs	3,500
Tools and plant	2,750
Total	6,250

2. As Rs. 3,381 only should be contributed * to the municipality, the balance, Rs. 2,029, of the grant in the current year for repairs to bridges, is also resumed and credited to the reserve.

* G.O., No. 1286 W., dated 21st May 1886.

3. The following allotments are made from the Provincial reserve :—

	RS.
1. Laying Red Hills water on to St. Mary's and St. Andrew's cemeteries	859
2. Cutting and replanting trees, &c., in St. Mary's cemetery	470
3. Repairs to walls of St. Mary's cemetery	1,200
Total	2,529

4. The question of providing funds for repairs and improvements to ruinous tombs and monuments in St. Mary's cemetery will be considered on receipt of the estimate called for in G.O., No. 3321 W., dated 16th December 1886.

5. Funds have already been provided for constructing a new gate for St. Mary's cemetery and repairs to Public Works workshops in G.Os., Nos. 3371 W. and 3375 W., respectively, dated 22nd December 1886.
