PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper —

Office Note from the Superintendent, Government Press, dated 27th January, 1887 No 3330.

To enable the Press to expedite the printing of the third volume of the Manual of Administration, the Superintendent, Government Press, requests that sanction may be given for a period of six months or thereabouts, for the use of the new South room added to the Record Department. It is understood that for about that period the record furniture will not be ready, so that the room could not be used for records.

If this request is sanctioned, instructions must be given to the Public Works Department to have the present doorway at the West end properly formed and a door with lock and key added; but this door might afterwards be permanently closed.
