The Govt. do not
 consider that the circum-
 stances of the Madras
 Division demand an
 extension of the time
 within which the
 monthly accounts must
 be submitted to the
 Examiners.

2. If the Ex. Engineer
 will insist on a punctual
 submission of the sub-
 divisional accounts &
 vouchers, there will pro-
 bably be no delay in
 the compilation of the
 divisional accounts.

No. 424. 28.

From

The Executive Engineer
Madura Division

To,

The Superintending Engineer
6th Circle,

Sir,

With reference to G. O. No. 721. W of 23rd March/85, I have the honor to bring to your notice that the date 18th therein fixed for the submission of the accounts from this Division was proposed by this office nearly 22 months ago in consideration of the number of works then in progress, and considered only tentative subject to consideration after the lapse of a year - But as the circumstances of this Division have been considerably altered by the large number

number of Tank maintenance works
already sanctioned and put in hand.
Since March 1885, besides further
increases daily expected; in addition to
the Vairay Bridge work accounts; I have
the honor to request you will be good
enough to obtain the necessary sanction
of Government to alter the due date
from 18th to 23rd, in as much as it is
absolutely necessary to prevent the
submission of the accounts from this
Division being remarked on as unimpor-
-tural, and to afford sufficient time
for check and compilation &c.

I have the honor to be,

Sir

Your Most Obedt^{ly} Servt^{ly}

Endorsement No 330 87 dated
26th January 1887.

Forwarded to the Chief
Engineer, Public Works Depart-
-ment, with the opinion that
no extension of time in the
case of the Madras Division
is called for. If the Sub Divi-
-sional Accounts and Vouchers
were submitted with punctu-
-ality, there would probably be
no delay in the compilation
of the monthly accounts.
