

on a piece of Government waste land in the neighbouring bazaar. The cost of building can be defrayed by sale of the rest of the material.

3. I beg to recommend that Government be moved to sanction the proposal. If it be not approved, I would suggest that the material of the building be sold for what it will fetch.

The building is nominally under the charge of the Public Works Department.

Resolution

Submitted for the orders of Government.

2. The Board recommend that the Collector's proposal to utilize the old materials in the construction of a new anaham Antcherry be accepted.

Order

Order thereon, 8 Nov^r 1886, No 6716.

Approved. The necessary orders will issue in the Public Works Department.

No. 34

Executive Engineer's Office,

WEST COAST DIVISION,

20th January 1887.

FROM THE EXECUTIVE ENGINEER,
WEST COAST DIVISION.

TO THE SUPERINTENDING ENGINEER,
FOURTH CIRCLE.

SIR,

Enclosures.

- In reply to your No. 874 dated 17th November 1886 I have the honor to report on the building in Veliangod, Ponnani Taluk.
2. It is pukka built, and measures 50x27
 3. The roof timbers are decayed and some have already fallen in, so that it is desirable that the building be sold or removed.
 4. The materials are hardly likely to fetch as much as Rs. 200, considering the poverty of the inhabitants of the neighbourhood, but if they are used in the construction of another building they might save that much expenditure.
 5. In para 1 of the G.O. the demolition of

of the building is sanctioned, but I request
orders as to whether this shall be done by
this department and the materials sold, or
whether the building is to be given over to
the Revenue department to use for the
construction of a new Amshom Cutcherry;

I have the honor to be,

Sir,

Your most obedient servant,

H. Taylor

Executive Engineer,

West Coast Division.

No. 41
EW.

Submitted to the Chief Engineer, P.W.D.
for information with reference to para 2 of
G.O. No 3018 W of 15th November 1886; and
for instructions whether ^{under} the circumstances
stated, this Department is to demo-
lish the Building.
