Sub divisional allowance
Sub divisional allowance may be continued to Asst Plumber during the current official year

The Supdg Engr will after careful consideration report whether all works in the Presy division at Madras can be formed into a single sub division from the commencement of the official year 1887-88

It is probable that the financial position will render this course unavoidable

It is a question
for consideration however
Whether there is any

as a single subdivision,

of reducing the number

I think two sub divisions are
necessary for the Presidency town
one for Triplicane & one for Ch
