Read—the following papers:—

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 26th July 1887, No. 1804.

With reference to G.O., No. 1963 W., dated 22nd July 1887, I have the honor to forward a proposition statement for two temporary copyists on Rs. 15 each, required for the Chingleput divisional office.

2. I take the opportunity of bringing to your notice that there is much copying work in my office in connection with the large amount of correspondence with the Chief Engineer, Public Works Department, the Chief Engineer for Irrigation, the Examiner of Public Works Accounts, four Executive Engineers, the General Super-intendent, Public Works Stores and Workshops, the Local Fund Boards, the Military and Civil officers of departments and the numerous returns, lists of disallowances, &c.

3. In order to lessen, as much as possible, copying work, it has been the practice hitherto to send original papers to the Executive Engineers with necessary instructions for attention and return. Whilst such papers were yet in the Executive Engineers' hands, great inconvenience has been felt for want of them for reference in the Superintending Engineer's office. While on the other hand, after the papers had been returned to the Superintending Engineer's office, the Executive Engineers' offices must be left without a record of them.

4. To remove the above inconvenience, and as it is necessary there should be a complete record of every correspondence in the Executive Engineers' offices, the practice of sending original papers, to be returned, has been discontinued, but the copying work has been thereby necessarily increased. I should mention, quite apart from this, that the correspondence is very heavy in this circle, connected as it is with the Presidency Town and several military stations, and the services of two extra copyists are very much required.

5. I have the honor to request, therefore, that sanction may be given to the entertainment of two extra copyists under Temporary Establishment for my office, one on Rs. 15 (V class, 1st grade) and the other on Rs. 10 (V class, 2nd grade). A proposition statement for this is also enclosed.

## MEMORANDUM.

1003/9

The reduced grant for Public Works establishment sanctioned for 1887 - 88 having made it impracticable to make any provision in the preliminary issue of the Provincial budget for that year for temporary establishment, Superintending Engineers are requested to give notice to all temporary officers, subordinates and other temporary employes in their respective circles that their services will be dispensed with at the end of February 1887. Care should be taken that each individual receives a full month's warning.

2. Upper subordinates of the permanent establishment holding temporary engineerships will revert to their permanent positions on 1st March 1887.

3. Further specific orders dispensing with the services of temporary employes will issue hereafter, but Superintending Engineers will consider at once what arrangements can be made to redistribute the permanent establishment, under all heads, in their respective circles, so as to provide in the most efficient manner possible for the conduct of work. Sir,

With reference to Memo No. 91 C dated 12th January 1887, forwarded under your endorsement No. 5073 dated 15th Instt., I have the honor to state that there are no temporary clerks in the P.W. Stores, but two temporary clerks are employed under the Port Storekeeper for State Railway Stores whose salaries are disbursed from the Contribution of Rupees 300/ sanctioned by the Government of India to provide for outlay on Establishments on account of State Railways. The services of these men are absolutely required so long as State Railway Stores are in charge of the Port Storekeeper, and as I can make no redistribution in the Permanent Establishment of the P.W. Stores which consist of one Clerk and one Copyist to carry on the work of State Railways. I trust that the sanction of Government will be
