Do. major works	60,241
Total ..	1,31,451

while the budget grant for minor works amounts to only Rs. 20,987. The statements received from the Superintending Engineers, IV and V Circles include large demands on account of works which should have been brought forward in their budget estimates; but as many of these works are in progress and cannot with advantage be postponed, a sum of Rs. 26,021 will be transferred from the grant for repairs to enable funds to be provided for them. The available grant for original works will then be Rs. 47,008. Of this amount, Rs. 36,411 for incomplete works and Rs. 1,224 for a new work which has been already sanctioned for immediate execution—*vide* G.O., No. 1111 W., dated 23rd April 1887, are now allotted, and the balance, Rs. 9,373, is placed in lump sum at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds for such works only as are emergent.

3. The rate of percentage charge for general tools and plant having been increased from 1 to $1\frac{1}{2}$ per cent.—vide G.O., No. 881 W., dated 23rd March 1887, the provision required to meet the adjustment of the contribution at the higher rate has been made by reducing rateably the budget grants for repairs, and establishment. The budget grants will in consequence stand as shown below :—

	RS.
Original works	1,42,600
Repairs	2,98,170
Total, Works ...	4,40,770
Establishment	1,02,630
Tools and plant	6,600
Total ...	5,50,000

The budget provision of Rs. 3,00,000 for repairs will therefore, including the transfer to original works sanctioned in paragraph 2 above, be reduced to Rs. 2,72,149. The demands under repairs and the allotments sanctioned against them are shown in statement A. If the allotment to the Presidency division be found insufficient, the Superintending Engineer, V Circle, will apply for a further grant later in the year.

4. Under Imperial Civil Works the demands against original works, postal, amount to—

	RS.
For minor works, lump sum	1,630
For incomplete major works	2,129
Total ...	3,759

The budget provision for postal minor works is Rs. 10,000. Of this, a sum of Rs. 2,129 has been allotted for completing the new Post office at Anantapur, and the balance, Rs. 7,871, is placed at the disposal of the Director-General of Post Offices, who will allot the required funds for works to be undertaken during the year.

5. The demands against original works, telegraphs, amount to Rs. 1,046 for incomplete minor works; but as the demand in each case is within Rs. 500, no appropriation is necessary under code paragraph 1908, part III. The budget provision of Rs. 6,000 for minor works, telegraphs, has therefore been placed at the disposal of the Director-General of Telegraphs, to whom application should be made for funds required during the year.

6. Under Imperial Civil Works the provision required to meet the adjustment of the contribution on account of general tools and plant at the higher rate sanctioned by the Government of India will be met by reducing the amount reserved in the budget for telegraph repairs, and the budget grant will, in consequence, be altered as shown below :—

	RS.
Original works ... { Postal	10,000
Repairs ... { Telegraph	6,000
Establishment ... { Postal	6,000
Tools and plant ... { Telegraph	4,905
	6,190
	405
Total ...	33,500

7. The demands under Repairs, Postal and Telegraph, and the allotments sanctioned against them, are shown in statement A.

8. The statement received from the Superintending Engineer, I Circle, does not include demands for works in the Vizagapatam division. To avoid delay, allotments

have been made to the extent sanctioned in the last official year for repairs under Military and Civil Works, and the Superintending Engineer will apply separately if funds are required for incomplete works.

No. 12801, dated Calcutta the 20 of February 1888.

Forwarded to the Secretary Public Works Department Madras for information

[Signature]

Assistant Director General
of Post Office of India.

to the Post Office at Pangasser in the 5th Circle, I have the
honor to inform you that I have nothing whatever to do
with the transfer. In this office by 1151 M.D. dated 27
February 1888, the sum in question was surrendered,
and it was for the Director General to have the same
transferred and placed, in due course, at the disposal
of the Superintending Engineer 5th Circle.

Superintending Engineers have no power to
transfer funds from one Circle to another, may even from
one Division to another within their Circles. In the present
case, with a view of saving delay, I have however submitted
copy of the Director General's letter for the required orders
of Government regarding the transfer.
