NOTE OF REMARKS.

The accompanying Revised Estimate amounts to Rs 13,400 and provides for Constructing a District Munsif's Court House at Paramagudy in the Madura District.

The design is in accordance with the Standard design only that provision is made for a latrine in the Estt: as directed by the Chief Engineer in Endorsement No 3559/C d/ 18th Octr: 1887 on G.O. No 1528 W d/ 7th June 1887 –

The rates are fair with the exception

of those four cut stone & pointing which are quoted in the Estimate at Rs 2 each, the rates given in the District Schedule for the same items are Rs 1 & Rs 1½ respectively. The quantities in each case are small and the saving that would result in adopting the rates given in the Schedule will be only Rs 57½ on both items.

The Estimate is approved by Govt: in the Judicial Deptt.

With advertence to the accy. draft order in the Judicial Dept. in which it is proposed to ask the P.W.D. to draw up a fresh type design for Munsifs Courts, please see the papers printed with Pros. of 29-7-84. No 1837W.

The High Court themselves objected to the design of 1879 as not affording sufficient accommodation, & the design of Novr 1884 was drawn up on their suggestions.

In para 5 of letter from High Court printed with Pros of 29-7-84 No 1837W, it was noted that the design would answer very well for a Munsif first class Munsif's Court, but that of it would be more expensive than necessary for many Munsifs' Courts.

In para 4 of the C.A.'s letter of 4.10.84, printed in Pros. of 15.11.84, No 2852 W, it was stated that the design had been drawn up so as to admit of modification to suit different districts & Courts; & the High Court's letter of 27.10.84 printed at page 2 of the same Pros. the design was characterised as "very satisfactory".

It seems possible therefore to intimate adhering to the lines of the standard design for a smaller & less expensive Court house for the Parana Sadi Munsif – without going to the labour & expense of drawing up an altogether new type design.

## Office Note.

To,
The Chief Secy.–

In returning the accy: draft order in the judicial dept., in which it is proposed to ask the P.W. Dept. to draw up a fresh type design for Munsifs' Courts, the undersigned has the honour to invite attention to the papers printed with Proceedings dated 29.7.84, No. 1837 W.

2. A standard design for Munsifs' Courts was circulated with Proceedings, d/ 15.8.74

No. 2268; — and in April 1875,
Mr. Chisholm submitted
a fresh design which was
circulated with Proceedings,
d/7.5.75 No. 1593. In G.O.
No. 3929 W d/9.10.78, a
revised design for tiled
roofed buildings was
sanctioned, and the detailed
estimates and plans were
circulated with Proceedings
d/6.9.79 No. 2294 W. This
design appears to have been
approved by the High
Court; but when, in Novr. 1883,
the Cons. Architect submitted
a design for tiled roofed
buildings providing exactly
the [illegible] proved [illegible]

101/P

the High Court objected
to it on the ground that
it did not give sufficient
accommodation. A fresh
design was then drawn
up in accordance with the
suggestions of the High Court,
and the detailed plans, specifns.,
and estimates, for terraced
and tiled roofed buildings,
were circulated with Proceedings
d/15.11.84, No. 2854 W and
3.85, No. 505 W.

3. In para 5 of letter from
the High Court, d/11.7.84,
printed with Pro: d/29.7.84,
No. 1837 W, it was stated that
the design would answer
very well for a first class

unsifs' court, but that it
ould be more expensive
than necessary for many
munsifs' courts. In para 4
of the Con: Architect's letter of
. 10. 84, printed with Pro:
d/ 15. 11 84, No. 2854 W, it was
pointed out that the design
had been drawn up so as to
dmit of modification to suit
different districts and courts;
nd in the High Court's letter
of 29. 10 84 printed at pa
2 of the same Proceedin
the design was characteris
as "very satisfactory."
It must also be remembered
that type designs are
not intended to be strictly
inding in all cases, and

that they are at any time open to modification to suit local circumstances.

4. It is suggested therefore that it is unnecessary to call for a new type design for Munsifs' Courts, and that it is possible to draw up a plan on the lines of the present design, for a smaller and less expensive Courthouse for the Parama Kudi Munsif

To

The Registrar
High Court.

Sir,

In continuation of this office No 1242 C of 31st March 1887, I have the honor to forward copy of a letter from the Supdg. Engineer VI Circle reporting that the plans and estimates of the Paramagudi Munsiff's court sanctioned in Pro: of Govt. No 748 of 17th March 1875 and No 1128 of 8th May 1876, cannot now be found. Copies of the Pro: in question are forwarded for information. It is not likely that a building on the plans sanctioned in the order of 17th March 1875 could be constructed at the present day for the amount of the

estimate

estimate then sanctioned, Rs 8300; and as a revised type design for district munsifs' Courts has recently been sanctioned in G.O. No. 1098 W of 21st April 1887, it will be suggested to the Judicial Dept. that a fresh estimate for the Paramagudi Court house based on the new type design, be called for.

I have &c

No. 1338 W of 18.5.87

Copy of the above forwarded for consideration to the Judicial Dept. with advertance to G.O. in that Dept. No. 2519 Mis: dated 22nd September 1886, and endorsement No. 1678C of 6th October 1886.
