GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 10th February 1885, No. 372 G.L.—Through the Examiner, Public Works Accounts.

I have the honor to forward, herewith, for your approval and sanction of Government, a statement of temporary establishment required for general and water regulation purposes of the department in the five divisions of this circle during 1885-86 in form No. M. 184.

2. From the accompanying statement it will be seen that the establishment required for 1885-86 amounts to Rs. 28,467, while that sanctioned for 1884-85 amounts to Rs. 29,818; thus showing a decrease of Rs. 1,351. The differences will be apparent from the figures given in the statement. The only points requiring notice are the following:—

- (1) Establishment for the Vegur channel head-sluice, in the Nellore division, will not be required, as this channel will be merged in the Sangam anicut system after the present season.
- (2) An additional lascar, instead of a superintendent, is provided for the Channur channel head-sluice in the Nellore division.
- (3) The provision of pay for superintendent of plant and his establishment in the Sangam Project division for only seven months in the year, instead of for the whole year as hitherto, as it is intended to dispense with this establishment from October next.
- (4) The provision for the continued employment of certain overseers, &c., sanctioned for 1884-85, and the omission of the surveyor in the Gudivada division and others sanctioned for only certain months during this year.

3. In this connection, I beg to bring to your notice that the sanctioned scale of upper subordinates for this circle is 26 permanent (please see G.O., No. 780 W., of the 22nd March 1884) and three temporary for the Gudivada division (*vide* your memorandum, No. 289 C., of the 29th January 1883) and the existing number of upper subordinates is divided as follows:—

- 21 Permanent excluding Conductor T. B. Smith recently transferred to No. I Tank division.
- 8 Temporary.

29 *Vide* distribution return of officers and subordinates for the quarter ending 31st December 1884. Provision has been made in the accompanying statement for the eight temporary overseers that are now in the circle. I am not certain if it is right to include all the temporary overseers in this list, which is, I believe, intended only to provide for any men required in addition to the permanent establishment. The number of

upper subordinates for this circle having been fixed at 26, I think that provision for only three overseers should be retained in the statement, and that the other five should be omitted, as they are sent to this circle in place of permanent overseers who are doing duty elsewhere. If this view is correct, please only provide in the statement for the two overseers in the Gudiváda division and one in the Kistna Western division, and omit the others. I thought it better to enter *all* temporary overseers as they might not be lost sight of.

4. The following is the abstract of the temporary establishment applied for for 1885-86 :—

MASULIPATAM,
9th February 1885.(Signed) J. W. RUNDALL,
Superintending Engineer, II Circle.

No. 856 S.E., 2nd.

Forwarded to the Secretary to Government, Public Works Department, for favor of disposal.

2. The entries in column "Present scale" of the proposition statement have been checked and found correct. Provision has been made for the existing number of temporary upper subordinates employed in the circle.

27th February 1885. (Signed) D. C. GORDON,
Examiner, Public Works Accounts.

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated Bezvada, 27th February 1885, No. 938 S.G.

I have the honor to bring to your notice that at page 33 of the Preliminary budget of the Provincial services for 1885-86, provision for twenty lascars at Rs. 6 per mensem has been made under conservancy establishment for the Sangam project division. In the list submitted with this office letter No. 361 S.G., of the 28th July 1884, finally approved of in your memorandum No. ^{II} 52 N.L., of the 26th September 1884, there is an entry of four lascars at Rs. 6 each per mensem for only four months during the year for Kanigiri and Duvvur tanks, in addition to four permanent lascars.

2. I request, therefore, you will be good enough to reduce the number of permanent lascars at Rs. 6 per mensem from twenty to sixteen in the final budget, and provide for the four temporary lascars in the statement of temporary establishment of this circle now before Government for sanction.

Forwarded to the Chief Engineer, Public Works Department, with the request that the alterations pointed out may be made.

16th March 1885. (Signed) A. S. RUSSELL,
for Chief Engineer for Irrigation.

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Masulipatam, 13th March 1885, No. 73 B.C.

I have the honor to forward, herewith, a supplemental statement of temporary establishment required for 1885-86 in the Buckingham canal division recently transferred to this circle for your approval and inclusion, if not too late, in the statement sent with this office letter No. 372 G.L., of the 10th ultimo, for the other divisions of this circle.

2. The present scale has not been verified in this office, as the Chief Engineer's circular and the Government order quoted as authority have not been received in this office either at the time of their issue or with the records recently sent to me.

3. The temporary overseer and his establishment sanctioned in G.O. No. 355 W., of the 14th February last, have also been included in this statement. In this connection, I beg to state that no intimation of another overseer having been posted has yet been received by me, and to request that one may be posted at an early date.

4. As the establishment sanctioned for the current year has to be continued during the next, I request that the sanction of Government may be communicated to me by wire before the end of the current month.

No. 913 S.E., 2nd.

Forwarded to the Chief Engineer, Public Works Department, with the column "Present scale" of the proposition statement duly checked.

2. Attention is drawn to this office note No. 952, dated 23rd March 1885. If a definite scale of temporary upper subordinate establishment is to be sanctioned for the current year separately, the provision for temporary upper subordinates for the Buckingham canal division made in the present statement will not be necessary.

25th March 1885.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

ORDER—dated 18th April 1885, No. 922 W., Public Works.

As a definite scale of temporary upper subordinate establishment for all circles will be sanctioned separately, the provision for overseers contained in the tabular statement of temporary establishment required for the II Circle during 1885-86 has been struck out; and the statement, as corrected, is sanctioned against the provision for temporary establishment in the current year's Provincial budget. The net decrease per annum is Rs. 1,973.

2. This sanction has been registered as Provincial No. 4 W. of 1885-86, and classified as Establishment, Temporary.

Establishment.

READ—the following letter from Lieutenant-Colonel J. L. L. MORANT, R.E.,
Superintending Engineer, II Circle, to the Chief Engineer, Public Works
Department, dated Gandavaram, 15th February 1886, No. 364 G.L.—
Through the Examiner, Public Work Accounts :—

I have the honor to forward, herewith, for your approval and sanction of Govern-
ment, a statement of temporary establishment required for general and water-regulation
purposes of the department in the six divisions of this Circle during 1886-87, in form
No. M. 184.

2. The enclosed statement is prepared only for the office establishment, &c.,
required, as the upper subordinate establishment is generally supplied to each Circle
according to the exigencies of the Government service, a definite scale for which
was promised in G.O., No. 922 W., of the 18th April 1885.

3. The following is the abstract of the temporary establishment applied for
for 1886-87.

Division.	FOR THE WHOLE YEAR.		FOR CERTAIN MONTHS DURING THE YEAR.		Total.
	General.		General.	Water- regulation.	
	Per mensem.	Per annum.			
Kistna Eastern	RS. 135	RS. 1,620	RS. ..	RS. 102	RS. 1,722
Kistna Western	55	660	..	492	1,152
Gudiváda	541	6,492	816	114	7,422
Nellore	74	888	..	1,134	2,022
Sangam Project	145½	1,746	3,438	96	5,280
Buckingham Canal	200	2,400	63	..	2,463
Total	1,150½	13,806	4,317	1,938	20,061

The total of the temporary establishment applied for for 1886-87 is less than the
existing sanctions by Rs. 5,594, as noted below :—

Under permanent establishment, less	Rs. 5,154
Do. temporary do.	440
Do. water-regulation do.	..
Total, less	5,594

4. Under "General Establishment," there are no changes in the three Kistna
divisions calling for special remark. In the Nellore division, provision has been made
for the office establishment of the Assistant Engineer, &c., recently sent to that division
for completing the Project works recently sanctioned by the Secretary of State. In the
Sangam Project division, some of the posts sanctioned in 1885-86 for the whole year
have been transferred to the head "For certain months during the year," as it is
proposed to dispense with those posts during the next year. In the Buckingham
Canal division, two more storekeepers for the other two sub-divisions and the continua-
tion, during the next year, of the services of the three assistant clerks, on Rs. 15 each,
intended for the three sub-divisions are proposed. Of the above three clerks, two
have been sanctioned this year for a few months, and the sanction of Government to
the entertainment of the third has been applied for. The temporary sub-overseer
sanctioned in November 1885 is proposed to be kept on during the next year. A
lascar for watching stores and materials at the Madras basin is also recommended.
The survey establishment applied for for the Sangam project and Gudiváda divisions
is also necessary and is therefore recommended.

5. Under "Water regulation," the establishment applied for for next year is just
the same as that sanctioned for this year, except a few alterations in the salaries of
the channel superintendents attached to the Nellore division, the saving on which has
been utilised in augmenting the number of lascars. The total for the division remains
unaltered.

No. 593 S.E. 2nd.

Forwarded to the Chief Engineer, Public Works Department, for favor of disposal, with the entries in column "Present Scale" of proposition statement duly checked. In G.O., No. 209 W., dated 25th January 1886, sanction was accorded to certain temporary establishment for 5 months, while in the proposition statement it is entered as having been sanctioned for 6 months. The decreases on account of temporary establishment have been entered under *permanent* instead of under *temporary*.

9th March 1886.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

ORDER—dated 20th March 1886, No. 739 W., Public Works.

The statement of temporary establishment required in the II Circle during 1886-87 for general and water-regulation purposes, is sanctioned; but the provision made therein for an accountant has been struck out as one has been separately provided for.

2. This sanction has been registered as Provincial, No. 70 W. of 1885-86, and classified as Establishment, Temporary.

To,

The Chief Engineer,
Public Works Department,
Madras.

Sir,

I have the honor to forward here=
=with for your approval and sanction
of Government, a statement of proposition
for a clerk on Rs. 15 required in the
Kistna Western Division during 1888-89
for assisting the Accountant in the
preparation of work abstracts &c.

2. It is observed that a Temporary
clerk on Rs. 15 was sanctioned for the
above purpose in previous years till the
recent reduction of Temporary Establishment
ordered in February 1887.

I have the honor to be,
Sir,
Your most obed^t servant,

Hannan
Superintending Engineer,

The accounts of the division
are frequently received after due
date, and probably, the extra estab-
lishment (one temporary clerk on
Rs. 15 per mensem) applied for is
required.
