No. 1046 C.

Government of Madras.

PUBLIC WORKS DEPARTMENT,

Chepāk, 10 March 1888.

OFFICE NOTE.

From

W 1036
1

To

C.

Your office note No. 1172 of 8 March 1888

The percentage of the cost of
establishment employed in the Rasli-
kulya Project is shown by paper at 35.7.
This is very heavy. Please explain
the cause in this case as well as that
of the Cherigam project, in which the
percentage is shown at 28.3.

W 1036

D. W.

To W.

No. 1210
15-3-88

The percentage corresponds
to the ratio of (1) the cost of
sanctioned establishment to
(2) proposed expenditure, if the

12 MAR 1883
ENCLOSURE
W. ACCOUNTS

ratio is high it is because (1) is high or (2) low, but I cannot explain why these are high or low. E.I. may be able to do so.

N^o 1159 C d/17th March 1888.
E.I. R40

As regards the Serijar the additional grant for works of Rs 1,60,000 recently sanctioned by the Govt of India will reduce the percentage charge for establishment to 20.6 a rate to which no exception can perhaps be taken but the resulting rate of 35.7 for the Rushkalya project is so high that some explanation to the Secretary of State is necessary. Please therefore afford such explanation as may be needed.

17.3.88

2048

Dy. Mr.

1036

The additional grant recently sanctioned by the Govt of India for the Peria project is Rs 1,67,000 and not Rs 1,60,000 and this will further reduce the percentage ratio of the cost of establishment employed in connection with that project.

2 I do not know how the rate of 35.7 for the Rushkalya project is arrived at, but I suppose the figures from which it has been deduced are correct. The cost of the establishment is high apparently owing to the reduction by the Govt of India on financial considerations, of the demand made for expenditure on the project from 3 to 2 lakhs and probably also to the out of the way situation of the project, the unhealthy character of the locality, the scarcity of labor, and the necessity of revising the plans & estimates all of which render it difficult to carry out project works with

Statement showing the
approximate amount of
Establishment Charges appli-
-cable to works under construction
in 1888-89 by Special Establish-
-ment.

10/23

1036W. d/5-4-88

To The Right Honorable the
Secy. of State for India.

My Lord, 1036

We have the honor to
forward herewith five copies
of each of the following budget
estimates of the P. W. Dept.
for the year 1888-89.

Preliminary Issue

1. Imperial Military Works
2. Imperial Civil Works
3. Provincial Services
4. Incorporated Local Funds
5. Excluded Local Funds
6. Irrigation Major Works
7. Irrigation Minor Works and
Navigation

Referring to the correspon-
-dence ending with your Lord-
-ship's despatch C.D. 7, Public
Works, of 18th August 1887 we
attach a statement showing
the approximate amount of
establishment charges ap-
-plicable to the construction
of the Periyar and Kuchikulga
projects, the only works in
progress

774
23

progress in this Presidency
on which special establish-
ments are exclusively employed.
It will be observed that in
the case of the Perijar project,
the cost of establishment ~~is~~
amounts to 19.9 per cent of
the grant for works, which
will probably be considered
a low estimate, while on
the Rushikulya, the charge
works out to 55.7. The
high percentage ~~on~~ on the
later project is due to the
reduction by the Govt. of
India of the demand for
expenditure on works
fixed by us at 3 lakhs of
rupees; to the enhanced cost
of supervision, owing to the
remote and unhealthy char-
acter of the country, and the
scarcity of labor; and to the
necessity for employing a
portion of the estate on the
revision of the estimates now
in hand. It is expected,
however, that as the work
advances, the proportionate
cost of establishment will
be

be reduced. The matter will
be kept in view by our
Chief Engr. for Irrigation.

Draft letter

To

The Right Honble the Secy of State
for India

My Lords,

We have the honor to forward
herewith five copies of each of the
following budget estimates of the P.W.
Department for the year 1888-89.

Preliminary Issues

1. Imperial Military Works.
2. Imperial Civil Works.
3. Provincial Civil Works.
4. Incorporated Local Funds.
5. Excluded Local Funds.
6. Irrigation - Major Works. Protective and
Productive.
7. Irrigation - Minor Works & Navigations.

2. Referring to Your Lordship's
despatch No. 7 Public Works dated
18th August 1887, we have caused
the accompanying statement to be
prepared for the Periyar and Rushi.
Kulya Projects which are being carried
out with special establishments.

It will be observed that the cost
establishment in case of the Rushi

10 36

10 36

Cir 22/3/88. Dtd. 23. 3. 88

Kulya Project is high. The limited grant sanctioned for the project on financial consideration and the unhealthy character of the locality rendering scarcity of labor make it impossible to carry out the project with a more limited establishment. But it is hoped that as the works progress the proportionate cost of establishment will decrease.
