Resolution.—The Government of India regrets that it is at present unable to allot any sum for expenditure in 1888-89 upon original works which have not been

commenced in the current official year. Local Governments and Administrations are requested to prepare the preliminary issues of their Civil Works Budget Estimates for 1888-89 for the sums provisionally allotted in this resolution for works in progress, repairs, establishment and tools and plant, and to submit, after consultation with the heads of the Imperial Departments concerned, with the preliminary issues, or before them, lists of original works not commenced, the construction of which cannot be postponed. These lists should furnish full particulars of the necessity for the expenditure. The Government of India will endeavour later on to provide the increased grants necessary.

2. The allotments now assigned upon this basis are as follows compared with the demands made :—

	Demand, 1888-89	Provisional Grants, 1888-89.	Difference less.
Central India ...	Rs.	Rs.	Rs.
Coorg ...	6,36,400	5,65,200	71,200

Total ...	48,16,100	29,55,900	18,60,200

The details of the provisional grants are given in the statement attached.

3. It seems probable from the figures in the attached statement that some reduction may be possible from the allotments for repairs, and Local Governments and Administrations are requested to carefully scrutinize the provision for repairs in this view. Any savings thus effected may be allotted in the preliminary issues to original works in progress.

Order.—Ordered that the foregoing be communicated to the Local Governments, Administrations and Officers noted in margin for information and guidance, with the request that the preliminary issues of the Budget Estimates may be submitted so as to reach this office without fail by the 15th January next.

Ordered also that copies be forwarded to the Department of Finance and Commerce and the Accountant-General, Public Works Department, for information.

(Signed) R. G. MACDONALD,
Offg. Under Secy. to Govt. of India.

To the Secretary to the Government of Madras, Public Works Department.

ORDER—dated 19th December 1887, No. 3460 W., Public Works.

In their resolution above recorded, the Government of India have assigned a provisional grant of Rs. 16,000 for expenditure on Imperial Civil Works in this Presidency during 1888-89 and distributed the sum as shown below :—

Civil Buildings, Repairs ...	Rs. 13,000
Establishment ...	3,000
Tools and Plant ...	200
Total ...	16,200

2. The Director-General of Post Offices reports that there is no major work either in Madras or Mysore, the construction of which, during 1888-89, cannot be postponed, but that provision should be made for unforeseen minor works, which, when the necessity for them arises, must be taken in hand without delay. He considers that a lump sum of Rs. 2,000 at least should be provided for this purpose for distribution in detail hereafter.

3. The Director-General of Telegraphs reports that the sum of Rs. 6,000 applied for under "Minor Works, Telegraphs," is not susceptible of reduction, and that the amount is required to provide for alterations and additions to existing buildings which are usually found necessary during the year.

4. With reference to paragraph 1 of their resolution, the Government of India will therefore be requested to provide a further grant of Rs. 2,000 under Postal and Rs. 6,000 under Telegraphs to cover urgent demands on account of minor new works for those services.

5. With reference to paragraph 3 of the resolution, Superintending Engineers and the Consulting Architect to Government were requested to carefully scrutinize the requirements under "Repairs" in view to savings being effected for allotment to original works in progress. It has been found from their replies that Rs. 1,000 under "Postal" and Rs. 1,000 under "Telegraphs" can be saved. These sums will accordingly be transferred to "Original Works" to meet the demands on account of incomplete minor works of the current official year.

6. The budget grants for 1888-89 will, with reference to the alterations noticed above, stand as follow :—

Civil Buildings, Minor Original Works ...	Rs. 2,000
Do. Repairs ...	11,000
Establishment ...	3,000
Tools and Plant ...	200
Total ...	16,200

7. The grants for "Minor Works" and "Repairs" will, as usual, be reserved with Government, pending distribution hereafter, on receipt of detailed proposals from Superintending Engineers under paragraph 1322 of the Public Works Code.

8. The Superintending Engineers, IV and V Circles, have brought forward the marginally-noted new works. No funds have been provided for them, as the Government of India have expressed their inability to allot funds for any new works.

9. The difference between the budget and the revised estimates for 1887-88 is due to the transfer of Rs. 4,850 to Assam, North-West Provinces and Oudh, sanctioned during the year (*vide* resolution of the Government of India quoted in the margin).

No. 83 A/C.W., dated 3rd September 1887.

19TH DECEMBER 1887, No. 3461 W., PUBLIC WORKS.

10. With these remarks the preliminary issue of the Imperial Civil Works budget for 1888-89 will be printed and circulated to the officers concerned, and four copies forwarded to the Government of India.
