READ—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 14th March 1888, No. 1218 A. :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plans, &c., below mentioned, which have been approved by the Commander-in-Chief. The plans and estimate have been countersigned:—

> Estimate, amounting to Rs. 3,600, for converting the building on Stone-house Hill, Ootacamund, known as the Sapper Hospital, into quarters for two Sergeant Instructors attached to the Nílgiri Volunteer Rifles; with report and two plans.

2. It is noted that the hospital was provided as a civil work (*vide* G.O., No. 5675, dated 19th October 1883).

No. 1901, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

FORT ST. GEORGE,
16th March 1888.

ORDER—dated 9th April 1888, No. 1068 W., Public Works.

The estimate, amounting to Rs. 3,600, for converting the Sapper Hospital on Stone-house Hill, Ootacamund, into quarters for two Sergeant Instructors attached to the Volunteer Rifles, Nílgiri, is sanctioned.

2. The Sapper Hospital having been constructed from Provincial Funds (*vide* G.O., No. 2786 W., dated 5th October 1883) the transfer of the building from Provincial to Imperial is sanctioned under paragraph 1880, VIII (*b*) of the Public Works Code.

3. The sanction accorded in paragraph 1 of these proceedings has been registered as Imperial, Ordinary, No. 2 W. of 1888-89, and classified as Military, Original Works.

No. 25.

Read—the following papers:—

From Lieutenant-Colonel R. C. STEWART, Officiating Quartermaster-General, to the Acting Secretary to Government, Military Department, dated Fort St. George, 22nd February 1883, No. 1572.

Referring to G.O., Military Department, No. 1024, dated 15th instant,* I am desired to remark that, under the ruling in G.O., Military Department, No. 3625, dated 15th November 1872,† it would seem the cost of hutting the Sappers at Ootacamund should be charged to the works on which they may be employed and not debited to the grant for Military Works.

* G.O., Public Works Department, dated 9th February 1883, No. 442 W.

† G.O., Public Works Department, dated 9th November 1872, No. 2646.

2. The annual grants for Military Works are very small, and His Excellency the Commander-in-Chief is of opinion they should be fully utilized on Military Works proper.

3. There are so many of these postponed from year to year for want of funds that when any balance becomes available from unexpended allotments towards the close of the year there should be no difficulty in finding suitable works to which it can be transferred and fully utilized.

No. 25-A. No. 1259, Military.

Transferred to the Public Works Department.

Fort St. George,

No. 26.

Order—dated 6th March 1883, No. 716 W., Public Works.

On reconsideration the Government agree with His Excellency the Commander-in-Chief that the cost of the Sapper Lines at Ootacamund now under construction should not fall on the grant for Military Works, but as the barracks are to be of a permanent character, and it would be impossible to distribute the charge to the works on which the Sappers will be employed, the project will be treated as one of general Provincial necessity, and sanctioned accordingly.

3/1066

2. The sanction accorded in G.O., No. 442 W., dated 9th February 1883, will now be registered as Provincial No. 256 W. of 1882-83 and classified as Civil Buildings, Original Works, and Imperial Register No. 43 W. of 1882-83 will be cancelled.

3. The allotment of Rs. 10,000 under Military Original Works, sanctioned in G.O., No. 175 W., dated 16th January 1883, is withdrawn and credited to the reserve with Government under the same head, and the entry of Rs. 7,500 on account of this work in the Military Budget for 1883-84 will be cancelled.

4. An appropriation of Rs. 10,000 is now made from the Provincial Reserve to cover expenditure during the current official year, and the Superintending Engineer will apply for funds required during the coming year as soon as possible after the 1st April 1883.

5. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department for confirmation to the transfer of Imperial Funds now authorized.

Read—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Casipoliem, 17th September 1883, No. 394:—

2 Plans.
1 Site plan.
2 Estimates.
2 Reports.
1 Abstract estimate.

With reference to the latter part of paragraph 3 of G.O., No. 442 W., of 9th February 1883, I have the honor to submit the accompanying plan and an estimate of Rs. 5,560, approved by His Excellency the Commander-in-Chief, for constructing a hospital, with cook-house and privy, to accommodate the sick of the native troops stationed at Ootacamund.

2. This estimate is supplemental to the one of Rs. 21,760 for constructing barracks and latrines at Kandal and Ootacamund for a company of Sappers, sanctioned in the above Government Order as "Imperial Ordinary, Original Works, Military," and since classified as "Civil Buildings, Original Works," and registered as Provincial No. 255 W. of 1882-83 in G.O., No. 716 W., of 6th March 1883.

3. The total of these estimates now amounts to Rs. 27,320, and the sum now requiring sanction is Rs. 5,560.

4. A site plan, approved by the Military authorities, and a general abstract estimate are also herewith forwarded.

Order—dated 5th October 1883, No. 2786 W., Public Works.

The plans, with estimate, amounting to Rs. 5,560, for constructing hospital, with cook-house and privy, to accommodate the sick of the native troops stationed at Ootacamund, are sanctioned as supplemental to the estimate for constructing barracks for Sappers and Miners at Stonehouse Hill at Ootacamund, sanctioned in G.O., No. 716 W., of the 6th March 1883, for Rs. 21,760. The total amount of the estimate now stands at Rs. 27,320.

2. An appropriation of Rs. 12,600 was made for the work in G.O., No. 2532 W., dated 10th September 1883, and the Superintending Engineer, Fourth Circle, will report what further funds can be spent in the current year.

3. The sanction accorded above has been registered as Provincial No. 127 W. of 1883-84 and classified as Civil Buildings, Original Works.

On my return from leave, (6th June) I was informed that the quarters were not available & that, even if they were, it was likely that I would be turned out at any moment. I have accordingly engaged quarters at Alexander House for the remainder of the season at Rs 25 p.m. I would therefore desire to be provided with quarters this year in the Sapper Hospital.

NOTE OF REMARKS.

B

The estimate under review amounting to Rs 3,600 provides for converting the building known as the Lepers Hospital on Stonehouse hill into quarters for two Sergeant instructors attached to the Volunteer Rifle Nilgiris.

The following is a summary of the work proposed to be carried out.

The hospital as it stands at present contains a large ward 57 x 20 and 4 small rooms 10..

By removing the partiti
wall of the two front
end rooms it is propo
to convert them into
a bed room 21'-1½" × 9'-5¼"
the two rear rooms
are to be utilized as
a bath room and
pantry & the doorway
between the two is to
be built up.

The large ward is
to be divided by means
of partition walls
into two sitting rooms
each 16'-0" × 9'-5¼" and
two dining rooms
each 15'-9" × 9'-5¼" als
a pantry and bath
room each 7'-6" × 9'-5¼"

The position of
the pantry and bath
room in the large
ward do not appear
suitable as the latter
[illegible] adjoining
[illegible]

the west quarters, it
would therefore be
better to place the
bath room and
pantry at the end
of the building
as done in the case
of the other quarters
by this arrangement
the two sitting rooms
[illegible] dining
ke
ne and
more symmetric
Existing Chimneys
and the
and two chimneys
have to be provided
and will be placed
between the sitting
& dining rooms
of each quarter

The arrangement of the doors and windows are to be modified to suit the requirements of the case.

There are to be archways, on each side of the chimneys, leading from the sitting room to the dining room they are to be screened with batten screens covered with the dungary

be [illegible] [illegible]

framing of [illegible]

covered with the dungary.

The inside face of the walls is to be rough plastered with mortar and color washed ~~throughout~~ and the exterior face simply lime washed —

27/1068

1068

The floor of the verandah and the ground round the building to a certain extent is to be metalled with laterite and gravel.

The subsidiary building (kitchen) is to have two stalls 10'-0" × 9'-6" and two servants godowns 10'-0" × 8'-7½" added to it. The walls of the extension are to be built of brick in clay. The existing iron roof is to be removed and a new one put on utilizing the old materials the roof timbers are to be of teak.

The oven is to be raised to meet the

new roof and a new
chimney is to be
constructed. The
inner and outer
faces of the building
will be pointed
with mortar and
lime washed 2 coats.

The floor of the
servants godowns
will be laid with
6" of brick concrete
and that of the
stables gravelled
to a mean depth
of 5" – The servants
godowns will be
fitted with batten
doors and the stalls
with corrugated
iron doors with
vertical frames.
The windows throughout
are to be glazed

Petty repairs are
to be done to the
latrine which

is to be lime and
tar washed.

It is stated in the
report that the ac-
commodation provided
is in accordance
with that laid down
in Appendix C. Sec. 1
of the P.W. Code for
Hill Stations, it is
rather more than
that allowed in
the Code but the
excess accommodation
is apparently un-
avoidable as the
present proposals
are mere alterations
to an existing building.

The accommodation
provided compares
as follows with the
accommodation
allowed in the
Code for Class A
Sergeants Quarters

on the hills -

Quarters provided vide plan -

Left wing area 592'
Right wing - do - 690

Accommodation allowed vide Code - area 472

difference
Left wing 120' Super
Right wing 218' - do -

It will be observed that quarters on the right of the building, looking at it in front are larger than those on the left by 98 sq. feet -

Most honored Sir.

I have invariably failed in securing a sufficiently healthy & commodious dwelling house anywhere in Ootacamund, although I paid so much as Rs 25 (last year) & 20 (this year) as houserent. The only house I could get this year is situated in the filthiest part of the Native Town, a mile & half away from Stonehouse hill & the distance impairs much of my usefulness in the office; while the unhealthiness of the locality has already punished me with a severe attack of fever, which has since been followed by a [illegible] type of t-b-p-x:

I therefore pray that the P. W. Dept may be authorised to set apart for my use a portion of the Hospital (with outhouses) formerly occupied by Sappers & Miners but now remaining vacant quite close to the office.

I would also beg that as the quarters occupied by Eurasian Clerks are furnished in a fairly style, the P. W. D. may be authorised to fit up the portion allotted for my use to some small extent, in consideration of the house rent Rs 20 (one tenth of my salary) which I with them pay equally with other clerks.

The result of this arrangement will, I feel confident, prove immensely beneficial to office work.

I beg to remain

Read—the following papers:—

From Lieutenant-Colonel R. C. STEWART, Officiating Quartermaster-General, to the Acting Secretary to Government, Military Department, dated Fort St. George, 22nd February 1883, No. 1572.

Referring to G.O., Military Department, No. 1024, dated 15th instant,* I am desired to remark that, under the ruling in G.O., Military Department, No. 3625, dated 15th November 1872,† it would seem the cost of hutting the Sappers at Ootacamund should be charged to the works on which they may be employed and not debited to the grant for Military Works.

2. The annual grants for Military Works are very small, and His Excellency the Commander-in-Chief is of opinion they should be fully utilized on Military Works proper.

3. There are so many of these postponed from year to year for want of funds that when any balance becomes available from unexpended allotments towards the close of the year there should be no difficulty in finding suitable works to which it can be transferred and fully utilized.

Order—dated 6th March 1883, No. 716 W., Public Works.

On reconsideration the Government agree with His Excellency the Commander-in-Chief that the cost of the Sapper Lines at Ootacamund now under construction should not fall on the grant for Military Works, but as the barracks are to be of a permanent character, and it would be impossible to distribute the charge to the works on which the Sappers will be employed, the project will be treated as one of general Provincial necessity, and sanctioned accordingly.

* G.O., Public Works Department, dated 9th February 1883, No. 442 W.

† G.O., Public Works Department, dated 9th November 1872, No. 2646.

2. The sanction accorded in G.O., No. 442 W., dated 9th February 1883, will now be registered as Provincial No. 255 W. of 1882-83 and classified as Civil Buildings, Original Works, and Imperial Register No. 43 W. of 1882-83 will be cancelled.

3. The allotment of Rs. 10,000 under Military Original Works, sanctioned in G.O., No. 175 W., dated 16th January 1883, is withdrawn and credited to the reserve with Government under the same head, and the entry of Rs. 7,500 on account of this work in the Military Budget for 1883-84 will be cancelled.

4. An appropriation of Rs. 10,000 is now made from the Provincial Reserve to cover expenditure during the current official year, and the Superintending Engineer will apply for funds required during the coming year as soon as possible after the 1st April 1883.

5. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department for confirmation to the transfer of Imperial Funds now authorized.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

Read—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Casipoliem, 17th September 1883, No. 394:—

With reference to the latter part of paragraph 3 of G.O., No. 442 W., of 9th February 1883, I have the honor to submit the accompanying plan and an estimate of Rs. 5,560, approved by His Excellency the Commander-in-Chief, for constructing a hospital, with cook-house and privy, to accommodate the sick of the native troops stationed at Ootacamund.

2 Plans.
1 Site plan.
2 Estimates.
2 Reports.
1 Abstract estimate.

2. This estimate is supplemental to the one of Rs. 21,760 for constructing barracks and latrines at Kandal and Ootacamund for a company of Sappers, sanctioned in the above Government Order as "Imperial Ordinary, Original Works, Military," and since classified as "Civil Buildings, Original Works," and registered as Provincial No. 255 W. of 1882-83 in G.O., No. 716 W., of 6th March 1883.

3. The total of these estimates now amounts to Rs. 27,320, and the sum now requiring sanction is Rs. 5,560.

4. A site plan, approved by the Military authorities, and a general abstract estimate are also herewith forwarded.

Order—dated 5th October 1883, No. 2786 W., Public Works.

The plans, with estimate, amounting to Rs. 5,560, for constructing hospital, with cook-house and privy, to accommodate the sick of the native troops stationed at Ootacamund, are sanctioned as supplemental to the estimate for constructing barracks for Sappers and Miners at Stonehouse Hill at Ootacamund, sanctioned in G.O., No. 716 W., of the 6th March 1883, for Rs. 21,760. The total amount of the estimate now stands at Rs. 27,320.

2. An appropriation of Rs. 12,600 was made for the work in G.O., No. 2532 W., dated 10th September 1883, and the Superintending Engineer, Fourth Circle, will report what further funds can be spent in the current year.

3. The sanction accorded above has been registered as Provincial No. 127 W. of 1883-84 and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

B

The estimate under review amounting to Rs 3,600 provides for converting the building known as the Leper Hospital on Stonehouse hill into quarters for ~~two~~ Sergeant instructors attached to the Volunteer Rifle Nilgiris.

The following is a summary of the work proposed to be carried out.

The hospital as it stands at present contains a large ward 57 × 20 and 4 end rooms 10..

By removing the partition
wall of the two front
end rooms it is proposed
to convert them into
a bed room 21'-1½" × 9'-5¼"
the two rear rooms
are to be utilized as
a bath room and
pantry & the doorway
between the two is to
be built up.

The large ward is
to be divided by means
of partition walls
into two sitting rooms
each 16'-0" × 9'-5¼" and
two dining rooms
each 15'-9" × 9-5¼ also
a pantry and bath
room each 7-6 × 9-5¼

The positions of
the pantry and bath
room in the large
ward do not appear
suitable as the latter
[illegible] adjoining
[illegible]

the west quarters, it
would therefore be
better to place the
bath room and
pantry at the end
of the building
as done in the case
of the other quarters
by this arrangement
the two sitting rooms
[illegible] dining

Existing Chimneys

[illegible] wall

and two chimneys
have to be provided
and will be placed
between the sitting
& dining rooms
of each quarter

The arrangement of
the doors and windows
are to be modified
to suit the requirements
of the case.

There are to be arch-
ways, on each side
of the chimneys, leading
from the sitting room
to the dining room
they are to be screened
with batten screens
covered with the drapery

The inside [illegible] face
of the walls is to be
rough plastered
with mortar and
color washed ~~throughout~~
and the exterior
face simply lime
washed –

The floors of the
verandahs and
the ground round
the building to a
certain extent is
to be metalled with
laterite and gravel.

The subsidiary building
(kitchen) is to have
two stalls 10'-0" × 9'-6"
and two servants
godowns 10'-0" × 8'-7½"
added to it. The
walls of the extension
are to be built of
brick in clay. The
existing iron roof
is to be removed
and a new one
put on utilizing
the old materials
the roof timbers are
to be of teak.
The oven is to be
raised to meet the

new roof and a new Chimney is to be Constructed. The inner and outer faces of the building will be pointed with mortar and lime washed 2 coats.

The floor of the servants godowns will be laid with 6" of brick concrete and that of the Stables gravelled to a mean depth of 5" – The servants godowns will be fitted with batten doors and the Stalls with Corrugated iron doors with venteak frames. The windows throughout are to be glazed

Petty repairs are to be done to the latrine which

is to be lime and tar washed.

It is stated in the report that the accommodation provided is in accordance with that laid down in appendix C. Sec. I of the P.W. Code for Hill Stations, it is rather more than that allowed in the Code but the excess accommodation is apparently unavoidable as the present proposals are mere alterations to an existing building.

The accommodation provided compares as follows with the accommodation allowed in the Code for Class A Sergeants Quarters on the hills –

Quarters provided
vide plan.

Left wing area 592'
Right wing – do – 690

Accommodation allowed
vide Code. area 472

difference
Left wing 120' excess
Right wing 218' – do –

It will be observed that quarters on the right of the building, looking at it in front, are larger than those on the left by 98 sq: feet.

The plans and Ests: are countersigned by the Qr. Mr. General and approved by Govt: in the Military Deptt:

Most honored Sir.

I have miserably failed in securing a sufficiently healthy & commodious dwelling house anywhere in Ootacamund, although I paid so much as Rs 25 (last year) & 20 (this year) as house rent. The only house I could get this year is situated in the filthiest part of the Native Town, a mile & half away from Stonehouse hill. The distance impairs much of my usefulness in the office; while the unhealthiness of the locality has already punished me with a severe attack of fever, which has now been followed by a light type of s-l-p-x.

I therefore pray that the P. W. Dept may be authorised to set apart for my use a portion of the Hospital (with outhouses) formerly occupied by Sappers & Miners but now remaining vacant & quite close to the office.

I would also beg that as the quarters occupied by Eurasian Clerks are furnished in a [illegible] style, the P. W. D. may be authorised to fit up the portion allotted for my use to some small extent, in consideration of the house rent Rs 20 (one tenth of my salary) which I (with them) pay equally with other clerks.

The result of this arrangement will, I feel confident, prove immensely beneficial to office work.

I beg to remain
