12TH APRIL 1888, No. 1096 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

Proceedings of the Board of Revenue (Land Revenue), dated 29th February 1888,
Mis. No. 1393.

H. S. THOMAS, Esq., F.L.S., F.Z.S.

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue, dated Madura, 10th February 1888, No. 61 :—

I have the honor to submit for sanction, duly countersigned, an estimate for Rs. 2,420 and a plan received from the Superintending Engineer, VI Circle, with his report, No. 1016 M.D., dated 28th January, herewith enclosed, for constructing a court-room and compound wall for the Deputy Tahsildar's cutcherry at Usilampatti in Tirumangalam taluk.

Resolution—dated 29th February 1888, Mis. No. 1393.

The plan and estimate for Rs. 2,420 for constructing a court-room and compound wall for the Deputy Tahsildar's cutcherry at Usilampatti are submitted for the sanction of Government and for the provision of funds in the Public Works Department.

(True Extract.)

(Signed) P. S. BENSON,
Acting Secretary.

Mis. No. 1819, Revenue.

The estimate is approved and transferred to the Public Works Department.

FORT ST. GEORGE,
16th March 1888.

(Signed) J. F. PRICE,
Secretary to Government.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 2,420, for constructing a court-room and compound wall for the Deputy Tahsildar's office at Usilampatti, in the Madura district, is submitted for the sanction of Government with the following remarks :—

- (1) The depth of 3 feet allowed for the foundations of the compound wall appears excessive when compared with the height of the wall.
- (2) If a compound wall is necessary, it might with advantage include the Sub-Registrar's office.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

9th April 1888.

ORDER—dated 12th April 1888, No. 1096 W., Public Works.

The estimate, amounting to Rs. 2,420, for constructing a court-room and compound wall for the Deputy Tahsildar's office at Usilampatti, in the Madura district, is sanctioned.

2. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

3. This sanction has been registered as Provincial, No. 2 W. of 1888-89, and classified as Civil Buildings, Original Works.

(True Extract.)

Deputy Tahsildar's Office at
Usilampatti

Estimate for constructing a court-room
and compound wall for the —, in the Madura
district, sanctioned.

No 1016 MD.

Report by the Superintending Engineer
in Circle on the Estimate for Constructing a
Court Room & Compound wall for the Deputy
Tahsildar's Cutcherry at Usilampatti, in
Tirumangalam Taluk Madura District No. 2420

Encl: 3.

1 Estimate

1 set of Plans

1 Sanctioning Plan

The present building is of an old
construction in the native style, and in-
sufficient to accommodate the Deputy
Tahsildar, his Establishment & the Sub-jail.
Consequently a temporary shed was erected
in front of the building and the Deputy
Tahsildar holds his Court in it. This
shed lately fell down. With the approval
of the Collector it is now proposed to erect
a Court room 27' x 15' interior dimensions
with sloped Verandah in front 6 feet broad,
one third of this room is to be separated
by a screen for the retiring of Gumnastah's
rooms.

2 The present building being very low
it was found impossible to build the Court
room according to the standard design
& to join it to the old building. The space
available is also insufficient to build the
Court & Clerk's rooms as per standard plan
independent of the old building. Hence the
building is proposed to have a terraced roof
in consonance with the Sub-Registrar's Office
situated near it. The space allowed al-
though a little less than that allowed
in the standard design is considered
sufficient

sufficient both by the Deputy Talisildar
and the Collector.

3. The rates are fair and the Estimate
is forwarded for sanction through the
Collector of Madura, under para 938 of
the P. W. Code.

Inspection *for note by Mr. Pittman*

NOTE OF REMARKS.

The Estimate under review provides for constructing a Court house and Compound wall for a Deputy Thunders Catching at Nilampally in the Madras Dist.

The amount of the Estimate is Rs 2420.

The following is a summary of the work proposed to be done -

The existing thatched shed with mud walls, which is reported to have ^{partly} fallen down, is to be replaced by a timbered building

27' x 15' divided by screens
so as to form a bath
room 18' x 15' a sitting
room 9' x 6' and a
promenade room 9' x 9'
The front of the building
will be provided with
a lean-to verandah
and the whole enclosed
by a compound
wall 12' 6" high in
length.

The building is to
be constructed with
bricks in mortar and
plastered 2 coats
The doors are to be
half painted & half
veneered, the
windows are to be
veneered, the
doors and windows
are to be painted
with 3 coats of ^{Carroll} white
oil paint. The
roof is to be tiled
the timber to be used

1010
is to be, the flooring
is to be of cement
and concrete.
Weather boards are
to be provided to the
outer windows.

The plan is in accordance
with the Court room
shown on the type
plan circulated
with L. O. 401602

d/15th June 1887
only that it is

2' less in length
and the sitting
room is 2 feet more

but as a portion
of the sitting room
has been given up
to the promenade
the arrangement
cannot be such
that can be made
under the circumstances

The compound wall is to be 4-6" in height and the foundations allowed including concrete are three feet deep which seems unreasonably deep 2 ft. of foundation should be sufficient.

The necessity for a compound wall at all is not apparent but if it is to be constructed it would perhaps be well to also enclose the

Sub-Registrar's Office. The papers are before the Sub-Registrar.

The estimate has been countersigned by Mr. A. S. S. and approved by Govt. in the Revenue Dept.:-

7-4-88

4/4/88

The timber to be used

Note by E.W.

The depth of 3' allowed for the foundations of the compound wall, appears excessive when compared with the height of the wall.

If a compound wall is necessary, it must be with arched concrete and the Sub-Registrar's Office.
