Sir,

No. 707 G., dated 24th March 1888.
„ 708 G., „ „ „ „
„ 767 G., „ 29th „ „

With reference to your telegram of 13th ultimo and confidential reports forwarded with your letters marginally noted, I am directed to say that, after consideration of these reports, this Government is of opinion that none of the officers named by you are suitable for employment in this Presidency. Only one of the officers has irrigation experience, and the reports on him are so indifferent that, considering also his ignorance of the language and customs of the people in this Presidency, the Government cannot consent to nominate him to the charge of a division.

2. I am further to say that all divisions in this Presidency, with the exception of those at the Presidency Town, contain important irrigation works, and that the other officers named by you have apparently had no irrigation experience, and the reports are not sufficiently good for this Government to desire to employ them.

3. I am to point out that, in my letter No. 412 W., dated 6th February 1888, I proposed the employment of only one Executive Engineer and two Assistants, but that the officers suggested by you are all Executive Engineers.

I have the honor to be,
Sir,
Your most obedient servant,

Colonel, R.E.,
Secretary to Govt., P.W.D.
