GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers:—

From J. W. RUNDALL, Esq., M.I.C.E., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Tuticorin, 19th March 1888, No. 2293 T.J.—(through the Examiner, Public Works Accounts).

I have the honor to submit for sanction a statement of proposition, received from the Executive Engineer, Tanjore division, showing a modification of the conservancy establishment of the Noolar and Chittár Head Works in the Tanjore division.

2. In his No. 887, dated 14th March 1888, the Executive Engineer has reported as follows:—

> "The Superintendents of Noolar Head Works and Chittár Head Works (Vettar) draw pay at the rate of Rs. 10 and Rs. 15, respectively. The acreage under the former is four times that under the latter: and the Noolar is, in my opinion, altogether a more important charge, as it supplies a large acreage in French territory.
>
> "I have therefore the honor to recommend that from the beginning of next year (April) the pay attached to the Noolar Head may be transferred to the Chittár Head and *vice versâ*.
>
> "I would then transfer the present Noolar Head Superintendent (who draws Rs. 2 personal allowance *) to Chittár and the Chittár Head Superintendent to charge of Noolar."

3. The proposed modification does not involve any increase in the cost of the present Conservancy establishment, and I beg to recommend that the proposal be sanctioned.

---

No. 149.

Read—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 4th December 1882, No. 1607 T.J. :—

One Statement.
„ Sketch Map.
„ copy of Collector's letter, No. 6918, dated 2nd December 1882.

I have, with reference to your memorandum, No. VI-36, dated 6th May, the honor to forward the statement, revised, of the conservancy establishment proposed for the Cauvery Delta Works, and request, if possible, that sanction for it may be obtained without delay, so that it may be entertained by the commencement of the next official year.

2. As ordered by you (paragraph 7 of your memorandum), the Collector was written to regarding the proposed transfer of the Vickramanar head sluice and generally regarding the scheme. I enclose copy of his reply.

3. A properly paid establishment has been for years one of the great wants of Tanjore Delta, and considering the great interests at stake, the monthly cost of Rs. 1,235 proposed, in place of Rs. 808½ as now sanctioned, cannot be considered extravagant. I trust, therefore, it will be sanctioned without further reference.

No. 6 E.W.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the proposed scale of conservancy establishment for the Tanjore District, amounting to Rs. 1,235 per mensem, may be sanctioned in lieu of the present scale, amounting to Rs. 808½.

2. The grounds on which the alterations in the scale have been proposed are shown in the tabular statement.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from Lieutenant-Colonel J. PENNYCUICK, R.E., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation, dated Kodaikanal, 8th August 1886, No. 53 C.V.—Through the Examiner, Public Works Accounts:—

I have the honor to submit, for the sanction of Government, two statements of proposition, one for temporary conservancy establishment employed during June and July, and another for permanent establishment from August 1886 for the Cauvery regulators.

2. The proposed establishment is in accordance with the decision arrived at in personal consultation during your recent visit to the Grand anicut. The pay of the superintendent is fixed, for the present, at Rs. 75, but it ought to be understood that it will be raised from time to time as the holder gains experience. It is most important that sufficient inducement should be offered for a really good man to remain permanently in a post of this kind, as his value increases with every day's experience.

3. I would recommend that, as soon as the present temporary division is broken up, the Grand anicut and works connected therewith be formed into a permanent sub-division of the Tanjore division. For the charge of this division, I know no one more suitable than Sub-Engineer T. Subrahmanya Pillai, who has been employed on the new regulators throughout their construction. I have already recommended T. Subrahmanya Pillai to the Chief Engineer, Public Works Department, for appointment as Honorary Assistant Engineer, and now beg to repeat this recommendation.

ENCLOSURES.

STATEMENT of proposition for *temporary* conservancy establishment required for the Cauvery and Vennár Regulators division for 1886-87.

Sir,

In consequence of an Establishment having been sanctioned for the Cauvery and Vennar Regulators just completed, the Superintendent, Kondia Naidu, of the Kuthumangalam anicut, will lose his appointment for his services at the anicut will not be required in future. He is a pensioned sepoy drawing a pension of Rs 4 per month. His service in the Department is seven years; his present pay is Rupees 12. per mensem; and his age is 54 years. At present there is no vacancy for an ancient Superintendent on Rupees 12 per month; but there is a vacancy for a Superintendent for new Hoolar Head on Rupees 10 per month. I shall appoint him to this post, and I recommend that a personal allowance of Rs 2 per month may be sanctioned for him, so as to make his pay in future equal to what he has drawn heretofore.

I have the honor to be

Sir,

ENCLOSURES. 1 Statement.

I have the honor to submit for sanction a statement of propositions, received from the Exec: Engineer, Tanjore Dn, showing a modification of the Conservancy Establishment of the Noolar & Chittar Head works in the Tanjore Division.

2. In his No. $\frac{887}{14\text{-}3\text{-}88}$ the Exec: Engr has reported as follows:—

"The Superintendents of Noolar Head
"works and Chittar Hd works (Vettar)
"draw pay at the rate of Rupees 10 &
"Rupees 15 respectively. The acreage
"under the former is four times
"that under the latter: and the
"Noolar is in my opinion altogether

"a more important charge as it sup-
-plies a large acreage in French
"territory."

"I have therefore the honor to
"recommend that from the beginning
"of next year (April) the pay attached
"to the Noolar Hd. may be trans-
-ferred to the Chittar Hd. and
"vice versa."

"I would then transfer the
"present Noolar Hd. Superintendent
"(who draws Rs 2 personal allowance)×
"to Chittar, & the Chittar Hd. Superin-
-tendent to charge of Noolar."

× vide G.O.
No 2996 W / 13-1-86

2. The proposed modification
does not involve any increase
in the cost of the present Conservancy
Establishment, & I beg to recommend
that the proposal be sanctioned.

I have the honor to be
Sir
Your most obedient servant.

J. W. Rundall
Supg. Engineer, Circle
