READ—the following letter from Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 11th October 1887, No. 3825 A:—

I have the honor, by order, to submit, for the sanction of Government, a plan and estimate, amounting to Rs. 3,860, for constructing new quarters for the sergeant-butcher at Bangalore.

2. This non-commissioned officer has, for a long time past, been in occupation of make-shift quarters, which, in 1883,* it was proposed to alter and improve; but in the absence of funds nothing was done to them, and lately the medical authorities have condemned them as wholly unfitted for occupation by a European, even if altered as proposed.

3. The Commander-in-Chief considers the work to be an urgent one, and would recommend that funds be found for its commencement by transfer of Rs. 3,583 from the draw-bridge and gate to the fort at Vellore, a work which His Excellency hoped would be carried out in the current year, but in connection with which he has recently learnt that there are certain details to be decided, making it very unlikely that it could be put in hand in time to be completed before the year closes.

From E. COLLEN, Esq., Officiating Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 3rd November 1887, No. 2309 M.W.

EXTRACT from the Proceedings of the Government of India in the Military Department, under date Simla, the 3rd November 1887.

Resolution.—The following provisional distribution of the Imperial grant for Military Works for 1888-89 is hereby notified :—

	RS.
Central India ...	1,50,000
Hyderabad ...	3,00,000
Rajputana ...	1,40,000
Simla Imperial Circle ...	2,000
Military Works Department ...	59,00,000
Central Provinces ...	1,50,000
Lower Burma ...	5,00,000
Assam ...	3,00,000
Bengal ...	36,000
North-Western Provinces and Oudh ...	67,000
Punjab ...	3,50,000
Madras ...	5,25,000
Bombay ...	11,00,000
Ordnance Works ...	2,50,000
Marine Works ...	80,000
Total ...	98,50,000
Leaving for reserve with the Government of India ...	1,50,000
	1,00,00,000

2. The above allotments include provision for any expenditure that may be incurred in England on stores for works classified as Military.

3. The distribution of the grants for Ordnance and Marine will be made by the Director-General of Ordnance and the Director of Indian Marine respectively. These officers will communicate to the Local Governments and Administrations concerned the works which they desire to have undertaken during 1888-89, and the amounts available for each work.

4. The preliminary budget estimates should be prepared for the amounts now provisionally sanctioned, and should be submitted so as to reach the Government of India punctually by the 15th January 1888.

5. Orders as regards the grants required for special defence works will issue hereafter.

Order—Ordered that a copy of the foregoing resolution be forwarded to the Local Governments, &c., noted in the margin, for information and guidance.

The Governments of Madras, Bombay, Bengal, North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
" Chief Commissioners, Central Provinces, Burma, and Assam.
" Resident at Hyderabad.
" Agents to the Governor-General, Central India and Rajputana.
" Inspector-General of Military Works.
" Director-General of Ordnance in India.
" Director of the Indian Marine.
" Superintendent of Works, Simla Imperial Circle.

2. Ordered also that a copy be forwarded to the Quartermaster-General in India, the Accountant-General, Public Works Department, and the Accountant-General, Military Department, for information.

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Public Works Department, dated Ootacamund, 28th November 1887, No. 4644 A.

In acknowledging the receipt of your letter, No. 4170 C., dated 18th instant, intimating the amount of the grant made by the Government of India to this Presidency for Imperial Military Works in the coming year, and submitting proposals * for the distribution of the small allotment available out of it for major works, I am desired to express the regret of the Commander-in-Chief that he finds himself under the necessity of remarking, with disappointment, on the inadequacy of the grant made as compared with the wants of the Presidency, which have been repeatedly urged by his predecessors and which he feels sure are realised by Government.

* Statement herewith returned.

2. In regard to the statement of major works proposed to be carried out in 1888-89, I am to offer the following remarks:—

Item 3.—As the Government of India has recently † declined to sanction the provision of any storage accommodation to a Pioneer Regiment additional to that which is allowed to a regiment of Native Infantry, the grant for extra public buildings to the Pioneer Regiment at Bangalore might be reduced from Rs. 12,000 to Rs. 5,000, so that in the coming year only the additions to the places of arms, of the necessity for which there can be no question, may be provided for, leaving the matter of extra storage accommodation, regarding which Government will be addressed later, to stand over for the present.

† Procs. of Govt., No. 2937 W., 5th Nov. 1887.

Item 7.—As, owing to the detention in Burma of a regiment of Madras Cavalry, a regiment will not be placed at Bangalore for the present, the funds proposed to be allotted for providing a regiment there with public buildings may be utilised otherwise.

Item 8.—This being distinctly an Ordnance work, should not find a place in the statement.

The amount set free under the suggestions above put forward is Rs. 28,935, which His Excellency would propose to redistribute as follows:—

I. *New barracks at Poonamallee, Rs.* 19,671.—The urgency of this work has already been suggested to Government in the Military Department ‡, and it is presumed that about Rs. 20,000 should be set aside for it to secure its rapid prosecution.

‡ Qr.-master-Genl's. No. 4574 A., 23rd Nov. 1887.

II. *Completing defences of the Fort at Cannanore, Rs.* 3,064 §.—Work in connection with this fort has been spasmodically dealt with of late years, and it seems desirable that in the coming year the funds requisite to complete it should be provided.

§ Estimate submitted with Quartermaster-General's No. 3243-B., 11th November 1887, to Secretary to Government, Military Department.

III. *Sheds for transport animals at Calicut, Rs.* 3,310.—The redistribution of troops in the Western Coast has increased the allotment of transport to Calicut, and it is very desirable that cover should be provided for the animals at an early date.

IV. *New latrines, Native Infantry lines, Perambar, Madras, Rs.* 3,000.—These are very much wanted on sanitary grounds.

3. It will be observed that in these proposals works in connection with increased accommodation for troops in Fort St. George are not mentioned, and it may be explained that they are not so, because the Commander-in-Chief hopes there may be no question in regard to their being provided for out of a special grant to be obtained from the Government of India.

From the Director-General of Ordnance in India, dated 16th December 1887, No. 62 E.

Order—dated 6th January 1888, No. 31 W., Public Works.

In the resolution above recorded, the Government of India have provisionally assigned Rs. 5,25,000 as the grant for Military Works of this Presidency for 1888-89. The distribution of the grant under departmental heads is as follows:—

	Rs.
Works	4,20,600
Establishment	98,100
Tools and Plant	6,300
Total ...	5,25,000

2. Of the sum of Rs. 4,20,600 available for works, Rs. 3,00,000 for repairs, Rs. 15,260 for incomplete major works of 1887-88, and Rs. 20,000 for minor works have been set aside, and the balance, Rs. 85,340, has been distributed to major works with the approval of His Excellency the Commander-in-Chief. The amounts set aside for incomplete major works and minor works and repairs will, as usual, be held at the disposal of Government and will be appropriated early next year on receipt of detailed proposals from Superintending Engineers. After providing for incomplete minor works of the current year, and for such of the minor new works as may be considered urgent, the balance of the minor works grant will be placed at the disposal of officers commanding divisions and districts.

3. The Superintending Engineers concerned will submit, with the least possible delay, plans and estimates for the unsanctioned works for which funds have been provided in the budget.

4. With reference to paragraph 3 of the resolution of the Government of India above recorded, a list of the marginally-noted Ordnance works, proposed by His Excellency the Commander-in-Chief for execution during 1888-89, was forwarded to the Director-General of Ordnance with request that he would select the works to be undertaken during the year and allot funds for them. As that officer has not yet communicated the available grant, and as the estimate should reach the Government of India before the 15th proximo, the budget for 1888-89 has been prepared for the sum of Rs. 5,25,000 sanctioned by the Government of India for other than Ordnance works. On receipt of a reply from the Director-General of Ordnance the allotments made by him will be communicated to the Government of India and included in the final issue of the budget.

(1) Constructing six double quarters for the Staff Sergeants attached to the Ordnance Department, Bellary.
(2) Magazines, Fort St. George.
(3) Converting the old regimental hospital now used as a Government school into quarters for 9 Warrant Officers, Ordnance Department, Bellary.
(4) Extra accommodation as store-room in the Gun Carriage Factory, Madras.
(5) Providing sun-shades to the exposed doors and windows in the Ordnance Lines, Madras.
(6) Shed for the Camp Equipage, Madras.

5. The attention of the Government of India will be drawn to the remarks in the concluding paragraph of the Quartermaster-General's letter above recorded, with a request that a sum of Rs. 5,680, being the balance of the estimate, may be provided for conversion of certain buildings in Fort St. George into barracks for 60 single men—a work which, though of considerable importance, cannot be provided for out of the limited sum assigned for Military Works in the Presidency.

6. The items in the budget, for which estimates have not yet been sanctioned, have been entered at the special request of His Excellency the Commander-in-Chief, and, as it is hoped that the estimates for them will shortly be ready, the Government of India will be requested to allow the amounts provided for them to stand.

7. With these remarks the preliminary issue of the Military Works budget estimate for 1888-89 will be printed and circulated to the officers concerned for information and guidance, and four copies forwarded to the Government of India.

Current No. 8328

Letter No. 6322

Dated the 17th October 1887

From the Secy. to Govt. Mily. Deptt.

Sanction WW 25.10.87

NOTE OF REMARKS.

The accompanying Est- amounting to Rs 3860 provides for constructing quarters for the European Station Butcher at Bangal

The design appears to be that for a Serjea class A Royal Artillery and is proposed to be constructed about 20 yards from the N.E. corner of the Slaughter house.

It is proposed that the foundations and basement are to consist of rubble stone in chunam, the floors are to be 'Roy carried down to depths of 3'-6" & 2'-6" respectively or to any other required depth if found necessary – The superstructure including archwork is to be built of brick and chunam, plastered 2 coats, and washed over with white and color wash.

The frame work of the roof is to be of teak wood oiled two coats. The scantlings adopted are correct, the roof is to be covered with Mangalore tiles –

The flooring of the main building and Cook house is to be of dressed Stone slabs 4" thick laid on a bed of of 3" of concrete, the

13 flooring of the bathro room and Latrin is to consist of 3/4" of asphalte la on 4" of concrete –

The doors and windows are to be of teak painted with two coats of Chocola colored paint.

The building is to be provided with a V shaped catchwat drain 2' × 4½" construct of Stone backed with Concrete and pointed with portland cement,

A report and Spe- cification accompan the Estimate –

The rates are fair, petty supervision and contingencies are charged for separately at 2½ & 5 per cent respectively –

The plan and

"Ro

Estimate have been countersigned by the Qr. Master General and approved in the Military Deptt:—

With only one exception the plans and Estimate under review appear to be correct in all their bearings & the point in question is that relating to the depth of the foundations which from the Specification does not appear to have been definitely settled as it is therein stated that "the foundations are to be taken down to a depth of 3½ feet or to such other depths as may be necessary"

It appears desirable that this point should be definitely settled before the Estimate is sanctioned in order to guard against supplementary or revised Estimates.

24/10/87

It is not necessary to delay the Sanction to the work, until the depth of foundations required has been definitely settled.

125/37

QUARTER MASTER GENERAL'S OFFI
Ootacamund,
11th October 1887

No. 3825 A

From
BRIGADIER-GENERAL E. FAUNCE,
QUARTER MASTER GENERAL,

To
THE SECRETARY TO GOVERNMENT,
MILITARY DEPARTMENT.

SIR,

I have the honor by order to submi
for the sanction of Government a plan a
estimate amounting to Rs: 3860, for
constructing new quarters for the Sergean
Butcher at Bangalore.

This Non Commissioned Officer has f
a long time past been in occupation
make shift quarters which in 1883* it wa
proposed to alter and improve; but in the
absence of funds nothing was done to the
and lately the Medical authorities ha
condemned them as wholly unfitted for
occupation by a European even if altere
as proposed.

* P.G. M.O. No. 6839 dated 20th December 1883 (P.W.D. No. 3537 W dated 15 December 1883).

The Commander-in-Chief considers the
wo

work to be an urgent one and would recommend that funds be found for its commencement by transfer of Rs: 3583/- from the Drawbridge and Gate to the Fort at Vellore, a work which His Excellency hoped would be carried out in the current year, but in connection with which he has recently learnt that there are certain details to be decided making it very unlikely that it could be put in hand in time to be completed before the year closes.

I have the honor to be,
Sir,
Your obedient Servant,
DJS McLeod
Lieutenant Colonel,
