As there is nothing in this document, or any other document on record in the D.P.W. so far as we can see, to indicate what the "work in question" is, we can take no action on the paper - The work is however stated to be a "Local Fund one". And in this case we shall require "Establishment" and "Tools & Plant" charges in addition to the grant for "works". This is a matter which the Local & Municipal Dept might look into.
