PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 15th June 1888

Read the following

From the Suptg. Engineer V Circle. H. E. No. 5192 d/7 March 1888.

The stables seem very poor. Before any money is allotted to keep what stables are allowed to keep their carriages there. It is certainly not unusual to provide handsome stables for clerks &c. &c.

The estimate amounting to Rs. 3,450, for raising the walls and renewing the roof of the stables and tiffin rooms attached to the Public Works Workshops at Madras, is sanctioned.

2. The question of providing funds for the work will be considered in the orders on the statement of department with the final issue of the on the reserve with the Government Provincial Budget for 1888-89.

3. This sanction has been registered as Provincial No. 10 W of 1888-89 and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

B
The estimate under review amounting to Rs. 3450 provides for raising the walls and renewing the roof of the Combined Stables and Tiffin room attached to the P.W. Workshop at Madras.

It is explained that the roof as it stands is in very bad condition and the slope being insufficient it leaks very much.

It is therefore proposed to dismantle

and reconstruct the
roof with mangrove
tiles.

The floor of the stable
is to be raised and
will have a slope of 1 in 50

The rates are fair,
Pell's supervision and
contingencies will
be charged for at $2\frac{1}{2}$ & 5
per cent respectively.

Considering the
class of building
the proposed outlay
seems large.

Letter from the S. E. V Circle by 130 of 14. 4. 88.

I still consider the provision
insufficient but as the estimate
is only to make present
accommodation available
it may be passed

Submitted to the
Hon member, with
reference to his remarks
on the draft order
previously circulated.

As the estimate
of Rs 3450 provides for
thorough improvements
to a building, that is
used by about 40
persons, which give
shelter to 8 horses
it is recommended
that it be constructed

are allowed to keep their horses and coaches in the Public works workshops. Stables. And about forty persons in all use the various rooms as tiffin rooms under the same roof as the stables.

2. If the Estimate of Rs 3450/- for improving the building is considered too high - I request that it may be returned with a view that it may be reduced as much as possible.

I have the honor to be
