2ND MAY 1888, No. 1280 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 14th April 1888, No. 134:—

With reference to G.O. No. 893 W., dated 19th March 1888, I have the honor to state that it would be advisable that a stock of corrugated iron should be maintained in the Public Works Stores for supply to Public Works divisions. The General Superintendent, Public Works Stores, reports that in view of this 30 tons of corrugated iron sheets with ridging rivets, &c., have been included in the indent for 1888-89, of which 21 tons are for the Nilgiri division, $3\frac{1}{2}$ tons for the Dowlaishweram Workshops and the balance $5\frac{1}{2}$ tons for stock. But a larger quantity than $5\frac{1}{2}$ tons will be available for stock, as certain quantities of corrugated iron are to be purchased locally on emergency for the above divisions. Hence another indent for corrugated iron seems at present unnecessary.

2. Corrugated iron roofing can always be obtained at Madras at a cost a little above the cost of that obtained from England as given in G.O. No. 3319 W., dated 5th December 1887. The prices at present obtaining in Madras are—

RS.			
240	per ton (24 B.W.G.)	at Messrs.	Parry & Co.
220	" (24 B.W.G.)	"	Gordon, Woodroffe & Co.
220	" (20 B.W.G.)	"	Oakes & Co.
210	" (24 B.W.G.)	"	Mahomed Ally Jevajee & Co.

ORDER—dated 2nd May 1888, No. 1280 W., Public Works.

Communicated to Superintending Engineers in continuation of G.O. No. 893 W., dated 19th March 1888.

2. The requirements of Executive Engineers with respect to corrugated iron will in future be included in the annual home indent.

3. When the local purchase of the article is sanctioned by Government, Executive Engineers should obtain it through the General Superintendent, Public Works Stores, whenever such a course is likely to conduce to economy.

Corrugated Iron

Orders on letter from the Superintending Engineer, V Circle, recommending that a stock of — be maintained in the Public Works Stores for supply to the Public Works divisions.

N^o 134

Superintending Engineer's Office

V Circle Madras.

Bangalore 14th April 1888.

From

Colonel H. M. Vibart, R.E.

Superintending Engineer V circle

To

The Chief Engineer

Public Works Department.

Sir,

With reference to G.O. No 893 W dated 19th March 1888 I have the honor to state that it would be advisable that a stock of — Corrugated iron should be maintained in the Public Works Stores for supply to P. W. Divisions. The General Superintendent P. W. Stores reports that in view of this thirty tons of corrugated iron sheets with ridging Rivets &c have been included in the Indent for 1888-89 of which twenty one tons are for the Nilgiri Division, three and half tons for the Dowlaishweram Workshops and the balance five and half tons for stock. But a larger quantity than five and half tons will be available for stock as certain quantities

of

of corrugated iron are to be purchased locally on emergency for the above divisions Hence another indent for corrugated iron seems at present unnecessary.

2. Corrugated iron roofing can always be obtained at Madras at a cost a little above the cost of that obtained from England as given in G.O. No 3319 W dated 5 December 1887. The prices at present obtaining in Madras are-

Rs 240 per ton (24 B.W.G.) at Messrs Parry & Co.

Rs 220 — (24 B.W.G.) — Gordon Woodroffe & Co.

Rs 220 — (20 B.W.G.) — Oakes & Co.

Rs 210 — (24 B.W.G.) — Mahomed

ally Jevajee & Co.

I have the honor to be,

Sir.

Your Most Obedt. Servant.
