ORDER—dated 3rd May 1888, No. 1308 W., Public Works.

The majority of Superintending Engineers consider that there will be no difficulty in arranging for the examination in levelling of subordinates of the Forest Department by officers of the Public Works Department. The duty will accordingly be undertaken by the Public Works Department whenever necessary.

2. As suggested by the Superintending Engineer, V Circle, such examinations of subordinates who can attend at Madras might be conducted at the College of Engineering. This point will be considered in the Educational Department.

3. It will be understood that officers of the Public Works Department are not expected to instruct Forest subordinates prior to examining them.

With reference to your No. 2277 of 7th instant, I have the honor to state that on one or two occasions the Deputy Superintendent Revenue Survey has asked me to examine some Forest Subordinates in levelling. They have first to be taught levelling by us, and then examined. They are supposed to learn levelling in about a week and then have to level one mile along a road and check their levels. The men who came before me had evidently fudged all their levels and I declined to pass them. The whole thing was a farce. I do not think we should be called upon to teach the men levelling.

Their examination in levelling could be managed.

Sir,

With reference to G. O. No 394 W dated 3d February 1878, I have the honor to state that if the Examination of Subordinates of the Forest Department in levelling is to be simply testing the candidates to see if they understand the practical work of taking levels, the Examination, if not too frequent may be undertaken by Executive Engineers. If however, a paper of questions has to be set and Executive Engineers are to be called upon for elaborate certificates of the candidates'

proficiency—

proficiency &c, I think the Executive Engineers should not be called upon to undertake the Examination. In case of Candidates to be Examined at Madras, the Examination might be Conducted at the Civil Engineering College.

2. It is stated in the letter of the Conservator of Forests to the Board of Revenue, that the Survey officer of Bellary has no means of Conducting this branch of instruction or Examination. If the Forest Subordinates are required to have a thorough knowledge of levelling perhaps classes for them might be formed at the College of Engineering at Madras.
