7TH MAY 1888, No. 1333 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From G. HAMNETT, Esq., C.I.E., Inspector-General of Registration, to the Executive Engineer, Kurnool Division, dated Madras, 1st March 1888, G. No. 875.

In returning the enclosed estimates for constructing a Sub-Registry office at Giddalur, sent to the Registrar of Kurnool for his countersignature, I have the honor to inform you that the Inspector-General is the officer in the Registration Department who has to countersign such estimates.

2. In my letter to the Government, Judicial, T. No. 3817, dated the 9th August 1886, I recommended "the construction of an office on the revised standard design," namely, the design sanctioned in G.O., Public Works, dated the 5th May 1885, No. 1049 W., and *not* the terraced design sanctioned in G.O. No. 120 W., dated 14th January 1882.

3. Further, it is desirable that the suggestions approved by the Government in their G.O., Public Works, dated 16th January 1888, No. 163 W., should be adopted, with the addition of a lightning conductor.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Inspector-General of Registration, dated Bellary, 24th March 1888, No. 2693.

With reference to your letter No. 875, dated 1st March 1888, to the Executive Engineer, Kurnool, I have the honor to inform you that the Executive Engineer reports that tiles are not procurable at Giddalur, and that the standard design, sanctioned in G.O. No. 1049 W., dated 5th May 1885, for Sub-Registrar's office cannot therefore be adopted, unless *Mangalore tiles* are used, and this would be very expensive, and would involve an expensive wooden ceiling underneath the tiles.

2. Under these circumstances, the estimate prepared for the terraced design, approved in G.O. No. 120 W., dated 14th January 1882, is retransmitted.

3. Lightning conductors are not necessary for such small and unimportant buildings.

G. No. 1666.

Submitted for the sanction of the Government, together with a copy of letter to the address of the Executive Engineer, Kurnool Division, G. No. 875, dated the 1st March 1888.

2. The necessity for constructing a Sub-Registry office at Giddalur was brought to the notice of the Government in my letter T. No. 3817, dated the 9th August 1886.

(Signed) G. HAMNETT,
Inspector-General of Registration.

MADRAS,
27th March 1888.

Approved and transferred to the Public Works Department.

(By Order.)

6th April 1888. (Signed) A. G. CARDEW,
Acting Under-Secretary.

From G. HAMNETT, Esq., C.I.E., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 28th March 1888, G. No. 1706.

The Government in their Judicial No. 2076, dated 23rd May 1887, recorded in G.O., Public Works, No. 1427 W., dated 25th idem, approved of the preparation of a plan and estimate for constructing a Sub-Registry office at Alvár Tirunagari.

2. The plan and estimate herewith submitted were prepared accordingly.

3. But as the Government have recently directed that the type design for Sub-Registry offices should be revised, I have the honor to recommend that, before sanctioning the plan and estimate now submitted, they be referred to the Consulting Architect to the Government, in view to his revising the estimate in accordance with the suggestions adopted yesterday at my interview with him.

Referred to the Public Works Department.

(By Order.)

14th April 1888. (Signed) A. G. CARDEW,
Acting Under-Secretary.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Inspector-General of Registration, dated Bellary, 9th April 1888, No. 59.

With reference to G.O. No. 1277 W., dated 20th May 1886, on G.O. No. 1128, dated 1st May 1886, in the Judicial Department, I have the honor to forward an estimate, amounting to Rs. 2,698, for constructing a Sub-Registrar's office at Atmakúr, agreeably to the standard design approved in G.O. No. 120 W., dated 14th January 1882.

2. Standard design approved in G.O. No. 1049 W., dated 5th May 1885, has not been followed, as it is intended only for Sub-Registrars' offices to be built in the compound of taluk offices, and moreover, as stated in my previous letter, good tiles are not procurable in the Kurnool district.

G. No. 2052.

Submitted for the sanction of the Government.

2. The necessity for constructing an office at Atmakúr was brought to notice in my letter recorded in Judicial G.O., dated 1st May 1886, No. 1128.

Madras, (Signed) G. HAMNETT,
11th April 1888. Inspector-General of Registration.

Approved and transferred to the Public Works Department.

(By Order.)

19th April 1888. (Signed) A. G. CARDEW,
Acting Under-Secretary.

2/1332

Order—dated 7th May 1888, No. 1333 W., Public Works.

The estimates, received with the papers above recorded, will be returned to the Superintending Engineers concerned, in view to their being held over, pending the issue of revised type designs for Registration offices now under preparation by the Consulting Architect.

2. All calls on other Superintending Engineers for estimates for Registration offices on existing type designs will similarly be held over, pending issue of the revised type plans.

(True Extract.)

PUBLIC WORKS.

Dated May, 7th.

Recd. *Encl.*

G.O., 7th May 1888, No. 1333 W.

MAY.

Registration Offices

Directing that all estimates, and calls for estimates for —, be held over, pending the issue of revised type designs now under preparation.

3/1333

Public Works Department.

Current No. 3309

Letter No. Nil

Dated 6th April 1888

From the Secy. to Govt. Judicial Depts.—

NOTE OF REMARKS.

This estimate amounting to Rs 2357 provides for constructing a Sub Registrars Office at Gudalur in the Kurnool district.

The design adopted is that circulated with G.O. No 120 W d/14th Jany. 1882 for a terraced roof which has since been superseded by a revised design with a pitched roof circulated with G.O. No 1049 W d/15th May 1885, both designs are put up. It is however explained that the former is

3309

good as roofing tiles are not procurable in the locality and that it would be too expensive to obtain tiles from Mangalore.

As the design adopted provides less space than the revised design, and to prevent a question arising hereafter on this point, it may be well to ask S.E. to keep to the plans of the revised design only adopting a terraced roof instead of a tiled one.

The rates are fair. The estimate is countersigned by the Inspector General of Registration and approved by Govt. in the Judicial Deptt:—

17/4/88.

D

The papers might perhaps lie over until the revised design ordered in G.O. No. 879 W of 16-3-88 is ready. It is not likely that funds for this work will be available for some time. — 17-4-88

Yes, the matter can lie over

18.4.88

4/1333

Public Works Department.

Current No. 3749

Letter No. Nil

Dated 19th April 1888

From the Secy. to Govt. Judicial Deptt:—

NOTE OF REMARKS.

The estimate under review amounting to Rs 2,698 provides for constructing a Sub Registrar's Office at Atmakur in the Kurnool Dist:—

As good tiles are not procurable in the locality it is not considered desirable to adopt the type design circulated with G.O. No. 1049 W d/5th May 1885 which is for a tiled roof but to follow the terraced design circulated with G.O. No. 120 W d/14th January 1882.

It will be observed in the Specification that the brick bolting course in the terracing has been entirely omitted.

The rates are fair except for the following items –

Terracing – The rate quoted in the Estimate for this item is Rs 35 per Square against Rs 30 in the Schedule.

Plastering 2 coats – The rate quoted in the Estimate for this item is Rs 3 against Rs 2-8 in the Schedule.

The aggregate saving that would be effected by adopting the Schedule rates is Rs 50

The Estimate has been countersigned by the Inspector General of Registration and approved by Govt: in the Judicial Depts:

Perhaps it may be well to let this Estimate also lie over till ~~the issue~~ of the revised design under preparation by the Consulting Architect (vide G.O. No 879 W of 16th March 1888) is ready?

24/4/88

Del.

It seems questionable whether any more estimates for Registration offices should be sanctioned until the new type design has been issued.

25.4.88

No.– This Est had better be returned, to be sent when the new type design is issued –

It is not advisable to keep the Ests in this Dept, as the new design will necessitate fresh estimates – Point out ~~that~~ it would be as well not to forward any more Est for Registration buildings until the new designs have been issued.

26.4.

5/1332

Public Works Department.

Current No. 3603

Letter No. Nil

Dated 14th April 1888

From the Secy to Govt: Judicial Depts:–

NOTE OF REMARKS.

The Estimate under review amounting to Rs 4030 provides for constructing a Sub Registrar's Office at Alwar Tirunagari in the Tinnevelly Dt.–

The building is to be constructed in accordance with the type design circulated with G.O. No 1049 of 5th May/85 with the addition of glazed windows authorised in G.O. No 163 W of 16th Jany/85

The site selected is low and will have to be raised 3 feet

and the raising will
be partly protected
by a low retaining
wall –

The soil is stated to
be brown loose loam
to a depth of 2½' and
coarse river sand
below that depth.
The foundations
are to be 4½' inclusive
of 18" of concrete, below
present ground level
or 7½' after the
raising has been
done –

It is explained that
the site selected is
the best available.

The rates are fair.
The plans and Estimate
have been submitted
by the Registrar General
but they are not counter-
signed by that Officer
nor are they approved
by Govt. in the Judicial
Department. See G.O.'s pencil
note on covering letter

7603

Dft.

This estimate has
been referred to the
P.W.D. by the Judl.
Dept.

It might perhaps
be returned with
an endorsement
suggesting that it
be allowed to
stand over until
the issue of the
new type design.
