READ—the following letter from J. W. MARTIN, Esq., Executive Engineer, South Arcot Division, to the Superintending Engineer, V Circle, dated Cuddalore, 28th October 1887, No. 550 :—

With reference to G.O., No. 2355 W., dated 2nd September 1887, containing orders relating to the procedure to be adopted in regard to the acceptance of contracts exceeding Rs. 2,000, I have the honor to request that you will be good enough to inform me whether the contract agreements, after having been filled in in this office, may be sent to Sub-divisional officers for them to obtain the contractors' signatures, or must the contractors attend this office and sign the contract agreements before me? If the latter arrangement must be carried out, it will often cause inconvenience to the contractors, for, in many circumstances, they reside far away from the Division office, and it will be inconvenient to me, for these men very often do not attend office on the day appointed.

No. 3167.

Forwarded to the Chief Engineer, Public Works Department, for orders.

2. The inconveniences brought to notice by the Executive Engineer will be avoided by having contract agreements sent to Sub-divisional officers to be signed by the contractors.

ARKAVATHY,
6th November 1887.

(Signed) H. M. VIBART, Colonel, R.E.,
Superintending Engineer, V Circle.

From the Examiner, Public Works Accounts, dated Madras, 9th January 1888, No. 942.

In cases where inconvenience would arise from requiring the attendance of contractors from a distance to sign agreements at the Divisional office, there would seem to be no objection to the contract agreements being sent, after they had been formally drawn up, to the Sub-divisional office for obtaining contractors' signatures in presence of witnesses.

ORDER—dated 14th January 1888, No. 138 W., Public Works.

The opinion of the Examiner, which is concurred in by the Government, will be communicated to officers of the Public Works Department for information and guidance.
