hasp 23/57.

SIR,

With reference to my telegram of the 27th Instant I have the honor to state that, at the request of the officer, Commanding the station, Samulcolta, an estimate amounting to Rs 2370 has been prepared by the Godavari Eastern Division officer for repairing the roof of the military Lines at that station the whole of which leaks seriously and it has been approved and I have sanctioned it; the repairs are urgently needed and unless the work is put in hand at once it cannot be completed before the rains set in. I therefore request that the amount of the Estimate may be allotted so that no time may be lost in commencing the work. In the Circle statement of demands for military works for 1888-89 this amount will be included.
