Read—the following papers:—

From the Most Reverend Dr. COLGAN, Archbishop of Madras, to the Chief Secretary to Government, dated Madras, 8th September 1887, No. 9.

I have the honor to forward herewith an application from the Rev. E. Foubert, Roman Catholic Chaplain at Wellington, for church furniture to the amount of Rs. 2,260, and to request that you will be good enough to obtain the sanction of His Excellency the Governor in Council for the same. The estimate and letters from the Executive Engineer, IV Circle, and Colonel Beatty, R.E., Superintending Engineer, IV Circle, are herewith enclosed.

Enclosures.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Roman Catholic Chaplain, Wellington, dated Coimbatore, 3rd September 1887, No. 315 M.

As prescribed in rule XVIII, clause (6), appendix D., of the Public Works Code, I have the honor to forward you, for transmission to Government, through the Roman Catholic Bishop of the Diocese in which the church is situated, for sanction and provision of funds, an estimate, amounting to Rs. 2,260, for supply of the articles of furniture required for the Roman Catholic Church at Wellington, together with a sketch and the original letter of the Executive Engineer, Nilgiri Division, No. 1635, of 22nd August 1887.

From W. B. de WINTON, Esq., Executive Engineer, Nilgiri Division, to the Superintending Engineer, IV Circle, Coimbatore, dated Ootacamund, 22nd August 1887, No. 1635.

I have the honor to forward herewith an estimate, amounting to Rs. 2,260, for supplying church furniture, &c., for the Roman Catholic Church at Wellington, for early sanction and provision of funds.

2. This estimate has been prepared on an application from the Roman Catholic Chaplain, who has countersigned it in token of his approval, and has been framed in accordance with appendix D, rule XVIII, paragraph 4, of the Public Works Department Code.

3. The articles of furniture now estimated are only for the balance of those supplied in 1883, and the seats, &c., have been calculated for 200 sittings which the church has been designed to hold at 6 square feet a sitting.

4. With regard to the item of communion rails, the Roman Catholic Chaplain requests that he be supplied with 65 running feet of railings (*vide* his letter and sketch enclosed), which latter gives the arrangement usually observed for communion rails in Roman Catholic Churches. The chancel is only 24 feet wide.

5. If the estimate be approved and sanction obtained, I have the honor to request that the Roman Catholic Chaplain be permitted to supply the furniture himself, of whatever design he thinks fit, for the sanctioned rates.

Transferred to the Public Works Department.

(By Order.)

(Signed) W. S. MEYER,
Assistant Secretary.

Ootacamund,
21st September 1887.

ORDER—dated 19th October 1887, No. 2791 W., Public Works.

The estimate, amounting to Rs. 2,260, for the supply of furniture for the Roman Catholic Church at Wellington, is sanctioned as supplemental to the estimate of Rs. 31,316 referred to in G.O., No. 2702 W., dated 13th October 1887. The total sanction for the church will now stand at Rs. 33,576.

2. The Roman Catholic Chaplain is authorised to supply the furniture of whatever design he thinks fit, provided the sanctioned amount is not exceeded.

3. As no funds are available with the Government at present, the Superintending Engineer will apply for the required allotment later in the year.

4. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial, No. 103 W. of 1887-88, and classified as Civil Buildings, Original Works.
