Civil Works.

READ—the following papers:—

From H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Waltair, 23rd March 1886, No. 73.

I have the honor to forward, for sanction, three plans and an estimate, amounting to Rs. 5,745, for improvements to the central jail at Coimbatore, as called for in G.O., No. 1106 W., dated 11th May 1885. The work has been included in the budget of the Public Works Department for 1886-87 under class B, item 13, and as it is one that is especially desirable to be carried out at an early date, I would request that sanction may be accorded for its execution.

No. 631 C., Judicial.

Approved, and transferred to the Public Works Department.

(By Order.)

9th April 1886.

(Signed) A. G. CARDEW,
Acting Assistant Secretary.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 5,745, is recommended for sanction, with the remark that the rate for iron work appears high. A considerable saving can probably be effected in carrying out the work.

24th April 1886.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Chief Engineer, Public Works Department.

ORDER—dated 28th April 1886, No. 1071 W., Public Works.

The estimate, amounting to Rs. 5,745, for improvements to the central jail at Coimbatore, is sanctioned for early execution.

2. On application from the Superintending Engineer, the necessary funds will be appropriated in the orders on the statement of demands on the reserve for 1886-87 on account of sanctioned new works.

3. Attention is drawn to the remarks of the Chief Engineer in his note recorded above.

4. This sanction has been registered as Provincial, No. 11 W. of 1886-87, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

1. The accompanying plans and estimate provide for effecting improvements to the central jail at Coimbatore. — The estimate amounts to Rs. 5,745, and is thus divided: —
 Wooden palisading and iron gates with masonry pillars for the inner circle of yards — Rs. 3,534;
 iron gates with masonry pillars in front of the juvenile and European wards — Rs. 554; and
 iron gates with masonry pillars between the main walls of the jail and the ends of the partition walls of yards — Rs. 1,657. —
 Prison labor is valued at Rs. 740.
2. The foundations of the gate pillars are to be of rubble stone masonry, and their superstructure of brick-in-mortar, pointed on the exposed surfaces. — The

Note by
EW.DW
H

palisading is to be of Gentian.
Sixteen of the iron gates are to
be 9 feet long with double shutters
(thirteen for the inner circle);
five are to be 9 feet long but with
a single shutter; and seven
are to be 8 feet long with a single
shutter. — The estimate appears
fully to answer all requirements.
The plans show that the
proposed improvements are
to be carried out on plain
and simple lines suited
to circumstances.

3. Subject to approval, the rate
allowed for the iron gates, Rs. 500
(4 3/4 Rs. per 1 lb.)
per ton, is too high and might
fairly be reduced to Rs. 500 per ton.
The gates are free from all orna-
ments so that 3 1/2 Rs. per 1 lb.
(Rs. 490 per ton) seems a fairly
liberal rate for iron work. —

Perhaps when the nature of the
proposed work is considered,
it may be thought more cor-
rect to calculate the items

"Petty supervision" and "contingencies"
at 2 1/2 per cent. instead of
at 5 per cent. as has been done.

(8)
The rates obtaining for the
other items of the estimate
are fair.

4. The plans and estimate
have been countersigned by
the Inspector-General of Mills,
and have been approved
in the Judicial Dept.

Recommend for sanction
with the remark that
the rate for iron work
appears much too high
& a considerable saving
can probably be effected
in carrying out the work.
