Sir,

ENCLOSURES.

I have the honor with reference to G.O. No 344W of the 30th January last to report that Mr. Gopal Syer B.C.E. states that he is not at present anxious to avail himself of the privilege of going to England for practical training -

2. In forwarding the Assistant Engineer's letter, the Executive Engineer Vaigai Bridge works states that he does not consider Mr. Gopal Syer would be likely to derive the benefit expected from a course of practical training in England and that it is just as well that he has no ambition in that direction. In this opinion I entirely concur.

I have the honor to be
Sir

Your most obedient servant.
