Honorable W.S. Whiteside
Read the following letter from the Collector of Madras dated 29th March 1888, No. 149.

In reply to Board's Proceedings No. 1553 Miscellaneous dated 8th March 1888, I have the honor to state that I quite agree with the Superintending Engineer in thinking that it is dangerous to keep the records on open stands or racks behind wooden screens and some other and safer arrangement should be made.

Resolution.

Submitted to Government with reference to G.O. dated 23rd February 1888, No. 1287.
