26TH APRIL 1888, No. 338 R., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Railway.

Read the following papers :—

From the Consulting Engineer for Railways, dated Madras, 18th April 1888, No. 117.

Note by the Consulting Engineer for Railways.

The proposal for a reconnoissance of the line recommended by Mr. H. G. Turner from Bezváda along the coast to the north was made by the Consulting Engineer to the Government of India at a time when he thought it likely that he would be able to undertake the reconnoissance himself.

2. The circumstances have now altered, and I conclude that any reconnoissance that is thought desirable must be made by an officer specially appointed for the purpose.

3. This being the case, and having in view the recent correspondence noted marginally, I would suggest that the Government of India be moved to appoint a competent officer to undertake the reconnoissance, and at the same time to supervise the preparation of a preliminary survey, in the first instance from Bezváda as far as the south bank of the Godávari river. This survey, under competent direction, would probably be completed for a sum not exceeding Rs. 70,000 within six months.

Letter from the Chairman, Cocanada Chamber of Commerce, No. —, dated 8th March 1888.
Letter from the Government of India, to the Government of Bombay, No. 349 R.C., dated 19th March 1888.

4. Whether the same staff should extend their survey operations further north could be decided by Government on learning the results of the reconnoissance.

OOTACAMUND,
18th April 1888.

(Signed) C. J. SMITH, Col., R.E.,
Consulting Engineer for Railways.

Submitted to Government, with reference to Proceedings No. 159 R., dated 25th February, and No. 302 R., dated 18th April 1888.

ORDER—dated 26th April 1888, No. 338 R., Public Works.

Ordered that the following letter be forwarded to the Government of India, with reference to their Nos. 212 R.C. and 350 R.C., dated 13th February and 19th March 1888 :—
