GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 17th April 1888, No. 146 E.W. :—

With reference to para. 2 of G.O. No. 801 W., of 10th March 1888, I have the honor to report on the proposal to provide twenty * additional vakils' chambers in the upper story of the old garbling shed at the Calicut law courts.

2. The estimate already submitted provided only for utilising the lower story of the old garbling shed. One-third was to be used as a property room (39′ × 19′ 10″), and the lock-up (27′ 6″ × 19′ 10″), and the other two-thirds formed into sixteen vakils' chambers. The cost of the work was estimated at Rs. 9,688. The cost of the vakils' chambers would thus have been Rs. 6,458, and the rent of Rs. 32 per month would give a return of nearly 6 per cent. on that outlay.

3. But that estimate did not provide for any chambers in the upper story, nor for planking under the tiles which is necessary, as otherwise the chambers, being directly under the tiles, would in the hot weather be unbearably hot, and in the rains not quite water-tight.

4. The Executive Engineer has now submitted information regarding the cost of converting the upper story into chambers, from which I calculate that the extra cost for pillars, partitions, and ceiling would be Rs. 3,456.

5. Adding to this the cost of the sixteen chambers in the lower story, Rs. 6,458, we get the cost of the 36 vakils' chambers as Rs. 9,914. At Rs. 2 per month for each chamber, the total rent would be Rs. 864 per annum, and the return for the proposed outlay would be over 8½ per cent.

6. The total cost of the improvements, including property room, lock-up, and 36 vakils' chambers, will be Rs. 13,144.

7. I send, herewith, a supplemental estimate of the cost of providing twenty vakils' chambers in the upper story, amounting to Rs. 3,456.

No. 95 D, Public Works.

Forwarded for the approval of Government in the Judicial Department, with reference to Proceedings in that department, No. 576, dated 6th, and No. 349, dated 31st March 1888.

NOTE OF REMARKS.

The Supplemental Estimate under review amounting to Rs 3456 provides for 20 additional vakils chambers in the Law Courts at Calicut.

It is explained that the original estimate provided only for utilizing the lower story of the old Cutting Shed, one third of which was to be converted into a property room and Lock up, and two thirds formed into 16 vakils chambers. The cost of this work was estimated at Rs 9,688 proportionate the vakils' chamber then cost Rs 6458 (~~4402~~) and with a rental of Rs 32 per mensem would give a return of only 6 per cent.

It is now proposed to utilise the upper storey by converting it into 20 chambers for vakils at a cost of Rs 3456 which if added to the cost of the lower chambers would make Rs 9914 (~~9918~~) for the 36 chambers which if taken at a monthly rental of Rs 2 would bring in an annual return of Rs 864 or over 8½ per cent on the proposed outlay on them. The total cost of the improvements will then be Rs 13,164

It is not explained whether the whole of the chambers will

The work proposed to be done is to divide the 459/5 upper storey into 20 chambers and to provide planking under the tiles to make the roof weather proof.

The rates are fair except for the following items.

Woodwork — Rs 2-4 per cft is charged in the Est: for Eerool or Karoomarudoo wrought and put up against Rs 1-12 in the schedule for jungle wood which if adopted would effect a saving of Rs 67.—

Plastering — Rs 3-,,- is charged in the Est for two coats of plaster, against

Rs 2-8-0 given in the Schedule which if adopted would effect a saving of Rs 14 –

The estimate has not been countersigned by the District Judge nor has it been approved by Govt. in the Judicial Deptt: —
