READ—the following letter from Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 26th April 1888, No. 1723 A. :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plans, &c., below mentioned, which have been approved by the Commander-in-Chief. The plans and estimate have been countersigned :—

Estimate, amounting to Rs. 1,800, for constructing a new contagious disease ward in the hospital compound at Malapuram, as part of the general estimate for barracks at that station, with report, specification and two plans.

2. The present ward is unsuitable for the purpose for which it is required, being close to a public road and dangerously close to the bakery, cart-shed, contractor's bungalow, Commissariat stores and slaughter-house; and it is, therefore, proposed to utilise it as quarters for the Commissariat Sergeant at that station, as the quarters at present occupied by that subordinate are reported to be unhealthy.

3. The proposed site for the new ward is considered suitable and free from any sanitary objections by the medical authorities, and it possesses the additional advantages that no extra staff of servants will be required, that it is conveniently close to the cook-house, &c., and that it commands a clear space of ground all round.

4. As the construction of this ward will do away with the necessity for the compound wall around the present contagious disease ward, the estimate for the latter work sanctioned in O.G. No. 6805, of 5th November 1887, may now be cancelled.

No. 2888, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 21st May 1888, No. 1491 W., Public Works.

The estimate, amounting to Rs. 1,800, for constructing a new contagious disease ward in the hospital compound at Malapuram is sanctioned as supplemental to the general estimate for the barracks at that station.

2. With reference to para. 4 of the Officiating Quartermaster-General's letter No. 1723 A., dated 26th April 1888, above recorded, the sanction conveyed in G.O. No. 2822 W., dated 21st October 1887, for constructing a compound wall around the

existing contagious disease ward is cancelled, and the general estimate for the barracks is reduced by Rs. 725.

3. The sanction accorded in these Proceedings has been registered as Imperial Ordinary No. 12 W. of 1888-89, and classified as Military Original Works.

4. Ordered that a copy of these Proceedings be forwarded to the Government of India, Military Department, for information:—

NOTE OF REMARKS.

The estimate under
review amounting to
Rs. 1800 provided for
constructing a new
contagious disease
ward in the hospital
compound at Malabar
in the Malabar Dist.

It is explained
that the ward for
contagious disease
is at present situated
dangerously close
to the Dining, Cook
Shed, Contagious
bungalow, Ammunition
store, & Stables.
It is therefore proposed
to construct a contagious
disease ward away
from the main building
with a clear space of

ground all round, and
to which the present
contagious ward for
quarters in the low
masonry compound.
It is further explained
that the construction
of this proposed ward
will do away with
the necessity of enclosing
the present ward with
a compound wall
sanctioned in G.O. No 2822
of 21st Sept/87 the
amount of the Est.
being Rs 25 which
is stated may now
be cancelled.

The rate given in the
estimate for plastering
2 coats is Rs 3 against
Rs 2.5 in the schedule
if the latter rate is
adopted the saving
effected would be
only Rs 4 -

The estimate has
been countersigned

Sir,

I have the honor, by order, to
forward for sanction and transfer to the
Public Works Department for disposal,
the Estimate, plans, &c. below mentioned
which have been approved by the
Commander in Chief. The plans and Estimate
have been countersigned.

Estimate amounting to Rs. 1800/-
for constructing a new contagious disease
ward in the Hospital Compound at Madras
-puram, as part of the general Estimate
for Barraens at that station, with report
specification and 2 plans.

2. The present ward is unsuitable
for the purpose for which it is required being
close to a public road and dangerously
close to the Bakery, Cart shed, Contractors
Bungalow, Commissariat stores and
slaughter house, and it is therefore pro-
posed to utilize it as quarters for the

Commissariat

Commissariat Sergeant at that station
as the Quarters at present occupied
by that subordinate are reported to
be unhealthy.

3. The proposed site for the new
Ward is considered suitable and free
from any Sanitary objections by the
Medical authorities and it possesses
the additional advantages that no extra
staff of servants will be required;
that it is conveniently close to the Cook-
house too and that it commands a
clear space of ground all round.

4. As the construction of this
Ward will do away with the necessity
for the Compound wall around the
present Contagious disease wards,
the estimate for the latter worth sanc-
tioned in O.G. No. 6805 of 5th November
1887 may now be cancelled.
