1483

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

Read—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 14th April 1888, No. 151 A.:—

I have the honor to submit for sanction an estimate of Rs. 2,140 for re-roofing the cap-room of Ordnance Department at the Mount, approved and countersigned by the Inspector-General of Ordnance.

2. The estimate was forwarded by me to the Assistant Quartermaster-General, Eastern District, for the approval of the Military authorities, but was returned with the intimation that, under Quartermaster-General's Circular No. 784 A., dated 20th February 1888, estimates for ordnance works are hereafter not required to be submitted for the approval of His Excellency the Commander-in-Chief, as funds have been placed at the disposal of the Director-General of Ordnance in India for such works; and as by para. 7 of G.O. No. 189 W., of 17th January 1888, the Inspector-General of Ordnance has power to sanction works to the extent of Rs. 500 only in each case, the enclosed estimate is submitted by me for sanction direct instead of through the Military authorities as hitherto.

No. 90 D.

Forwarded for the approval of Government in the Military Department.

(By Order.)

Ootacamund,
25th April 1888.

17TH JANUARY 1888, No. 190 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper :—

From Colonel R. F. LOWIS, Director-General of Ordnance in India, to the Secretary to the Government of Madras, Public Works Department, dated Agra, 2nd January 1888, No. 90 E. (Tour).

With reference to the correspondence ending with my No. 62 E (Tour), dated the 16th December 1887, I have the honor to forward the following list of ordnance works which it is desired should be undertaken in the order shown in the Madras Presidency during the official year 1888-89. The amount available for each work is as entered opposite it, and is, it will be noted, in addition to the usual charges for establishment, tools and plant :—

Description of work.	Required for	Amount.	Remarks.
		RS.	
Workshop	Bellary Arsenal ...	18,000	Or only Rs. 8,000 if the Rs. 10,000 allotted this year is spent on this work before 31st March next.
Turners' shop	Gun Carriage Factory, Madras.	10,000	
Store-rooms	Do. ...	6,000	
Guard-room	Do. ...	2,570	
Armourers' shop	Bellary Arsenal ...	4,650	
Receipt and Issue godown near Arsenal gate.	Rangoon Arsenal ...	2,500	If desired, this will be communicated direct to the Public Works Department, British Burmah.
Shed	Camp Equipage Depôt, Madras.	6,935	
Minor and petty works for Ordnance establishments in the Madras Presidency as required.	......	7,000	
	Total ...	57,655	
Add percentage for establishment, tools and plant ...		14,145	
	Grand Total ...	71,800	

2. I trust every endeavour will be made to prepare the necessary plans and estimates as soon as possible, and to finish the works in question before the 31st March 1889.

3. As heretofore the plans and estimates, when ready, should be sent to the Inspector-General of Ordnance, Madras Circle, for approval and countersignature.

4. I shall be obliged by being informed, on 1st August 1888, of the progress made towards the completion of the several works, and whether they are all likely to be completed, or not, before the end of 1888-89, to enable me to frame the annual statement of buildings for 1889-90, which is due to the Government of India on 1st October 1888.

5. Under the authority of the Public Works Department Code, the Inspector-General of Ordnance has, I believe, power to sanction petty works, the estimated cost of which, in each case, does not exceed Rs. 500. The cost of the petty works, as required, is included in the allotment for minor and petty works.

Order—dated 17th January 1888, No. 189 W., Public Works.

Ordered that the accompanying list of ordnance works, proposed by the Director-General of Ordnance for execution during 1888-89, be printed and circulated for the information and guidance of the officers concerned, and four copies forwarded to the Government of India with the intimation that the works detailed therein will, with the approval of the Government of India, be embodied in the final issue of the military works budget for 1888-89.

2. The sum of Rs. 71,800 allotted by the Director-General of Ordnance includes Rs. 3,120* for a receipt and issue godown near Arsenal Gate, Rangoon. As this work is outside the Public Works Department limits of the Madras Presidency, the grant will be replaced at the disposal of the Director-General for assignment to the Public Works Department of British Burmah. The difference, Rs. 68,680, will be treated as the total assignment for ordnance works of this presidency.

	RS.
* Works	2,500
Establishment and tools and plant...	620
Total ...	3,120

3. For the new workshops for the Arsenal at Bellary the Director-General has provided Rs. 18,000 on the supposition that a portion of the current year's grant of Rs. 10,000 for the work will be spent before the close of the year. But as the estimate is still unsanctioned it is not likely that there will be a large expenditure on the work in the current year. The amount allotted by the Director-General for next year may, however, stand, subject to reduction if found necessary hereafter.

4. For constructing the police guard-room at the Gun Carriage Factory, Madras, a sum of Rs. 2,570 has been provided under Major Works, but the estimate sanctioned † for the work amounts to Rs. 2,460 only. It will therefore be classed as a minor work, and the provision of Rs. 2,570 added to the lump sum grant for "Minor Works," which will then amount to Rs. 9,570. This sum will, as usual, be held at the disposal of Government; and, after providing for incomplete works of the current year, the balance will be placed at the disposal of the Inspector-General of Ordnance for appropriation for such works as he may consider necessary. Superintending Engineers will, in submitting their statements of demands for incomplete and minor works under Imperial, Military, prepare separate lists for ordnance works.

† *Vide* G.O., No. 2705 W., 13th Oct. 1887.

5. Plans and estimates for items 1 to 3 should be submitted as early as possible to admit of the grants being utilised, the approval and countersignature of the Inspector-General of Ordnance, Madras, being obtained in the first instance, as pointed out in paragraph 3 of the Director-General's letter.

6. The attention of all Superintending Engineers is drawn to paragraph 4, in view to the required information being furnished by those officers to the Director-General by 1st August of every year.

7. With reference to paragraph 5 of his letter, the Director-General is informed that, under paragraph 1073 of the Madras Public Works Code, the Inspector-General of Ordnance is empowered to sanction estimates for minor works to the extent of Rs. 500 in each case.
