Salem District Board's Office

1st May 1888.

From,

J. Mac Walter Esq.

President District Board
Salem.

To,

J. O. Hasted Col: R. E.
Chief Engineer & Secretary to P. W. D.
Madras.

Sir,

I have the honor to ask if you
can kindly spare the services of Mr. Cornue
now employed in the Sub Division of this
district to take up the appointment of
Local Fund Engineer of Salem when
Mr. Ellis reverts to the Department Public
Works. I have offered him 400 Rs a month
and he has expressed to the Sub Collector
his willingness to accept this and to take
his pension. But as it would take
some months to receive order on his
pension

pension application to get relieved he
has suggested that I should ask you
to spare his services meanwhile as I
understand you are ready to do. —
Mr. Lambert and other Officers speak
highly of Mr. Cormac and I wish to get
the best possible man I can, to see to
Local Fund Works from the current
year under a new scheme of organization.

I leave the honor to you,
Sir,
Your most Obedt. Servant,

Curwatters

From Colonel M. P. P. C. B. C. S. I.
Offg. Quartermaster General.

To
The Secretary to Government
Military Department

Sir,

With reference to this office letter No 1181 A
of 12 March 1888, reporting the destruction by fire
of the roof of the plunge bath in use with the British
Infantry Regiment at Bellary, I am desired to state
that the Superintending Engineer III Circle, since
reported that it would be desirable if an entirely
new bath be constructed instead of patching up
the old one which was in a very dilapidated condition
before the fire occurred.

2. The work of constructing a new plunge bath
for the British Infantry at Bellary is included
in the schedule for 1888/89, item 3 class C, but as
there is no prospect of funds being made available
for the work in the current year the Commander-
in-Chief considers it to be very desirable that
the present bath should be re-roofed temporarily
at small expense, so as to meet requirements in the
interim, pending the provision of a new bath, and
as no allotments for minor works in the current

year

NOTE OF REMARKS.

The estimate under
review amounting to
Rs 373 provides for
temporarily re-roofing
the plunge bath of
the British Infantry Regt
at Bellary.

It is explained that
the roof of the plunge
bath was destroyed
by fire and that
it is necessary a
temporary roof
should be put on
till the new plunge
bath, included in
the Schedule for 1888/89
is constructed.

The rates are fair.
The estimate is
correct.
