

No 269

Executive Engineer's office
Coimbatore 9th April 1888

From

J. W. Martin Esq
Executive Engineer
Coimbatore Division

To

The Superintending Engineer
Fourth Circle

Sir,

I have the honor to bring to your notice that the Examiner in his report on this office forwarded with your No 169 dated 31st March 1888 has brought to notice that Mr Carmac, Sub Engineer, is occupying the Sub Divisional officer's bungalow at Barior free of rent and calls on me to explain the matter and what amount of rent is now due.

2 The bungalow was originally called a rest house, and the cost of it is included in the estimate for the Barior Project. On the formation of the late Barior Project Division, Captain Boddy, the Executive Engineer

Engineer of the division, occupied the bungalow free of rent and remained in it from February 1884 to March 1885, and subsequently Mr C. H. D. Mayaribanks Assistant Engineer occupied it free of rent from 16th May 1885 to 30th November 1886. Mr Cormac is occupying the bungalow now free of rent. He has been in it continuously from 1st December 1886 to date. There is nothing in the records to show under what authority these officers have been allowed to occupy the bungalow free of rent.

3 As regards what rent should be charged, the bungalow with outhouses cost Rs 858; Taking $\frac{1}{2}$ per cent for interest on capital and 3 per cent for repairs the total yearly interest is Rs 85-5-4 or say Rs 7 per month. The question has now to be decided whether this is a fair rent and from what date rent should be paid.

4 The Hospital Assistant, Lascars, and watchman are occupying free of rent the quarters provided^{for} them, and I presume there is no objection to giving them free quarters. However perhaps it would be advisable to obtain the formal sanction of Government.

I have the honor to be
Sir,
Your most obedient servant

L. Martin.
Executive Engineer

No. 131

Forwarded for the information and orders of the Chief Engineer. It has never been customary to charge rent for the use of such temporary sheds built at the cost of projects as rest-houses, but if now considered necessary Mr Cormac may be directed to pay rent at Rs 7 per month from the date of this reference.

2 As regards the Hospital Assistant, lascars, and watchmen, the Superintending Engineer considers that in any case they must be housed free of charge.

To W.

The Hospital Assistant is entitled to free quarters under a general regulation, but the quarters occupied by him should have been entered in the return of buildings.

2. Government has already decided in G.O. No. 2527 W. dated 23rd September 1887 that all such buildings should be entered in the return, but the Executive Engineer seems to have taken no notice of the order.

3. It is for Government to say which of the individuals, or classes, concerned, shall be allowed to occupy the sheds now in question free of
