Sir,

With reference to G.O. No 29 W of the
6th January 1888, Circulating the preliminary
issue of the Provincial Service Budget Estimate
for 1888-89, I have the honor to observe that
no provision was made in page 41 of this budget
for the office establishment of the Lali Sengam
Project Division remaining yet to be absorbed.
In para 3 of this office letter No 601 NL of the
5th November 1887, Mr Randall, my predecessor,
brought to your notice that the Cashier and
storekeeper of the above Division were required in
the Vellore Division, and that the Head Clerk
was doing duty in the Krishna Eastern Division.

2. As the Cashier has since died, the
Supernumerary Head Clerk T. Setaapati now
doing duty in Krishna Eastern Division was transferred

3126 W of 18/11/87

to the Nellore Division in place of the Cashier.

3. As the Executive Engineer Nellore Division requests the retention of the 2 clerks belonging to the late Sangam Project Division to cope with the additional work thrown on his Division, I request that provision be made in the final issue of the Provincial Budget for the following extra establishment

1 Clerk, III Class. 2nd grade

1 Storekeeper on Rs 30.

The Executive Engineer states that he will require the services of the latter only to end of November 1888, when his services will be dispensed with.

I have the honor to be

Sir

Yours most obedt servant

No provision on account of supernumeraries has been made in the establishment portion (Part III) of the Provincial Budget Estimate, as it is not usual to do so, and as the extra cost entailed can safely be met from savings under "establishment".

2. The Supg. Engineer 2nd. Circle proposes to dispense with the services of the storekeeper about the end of November 1888. His attention should be drawn to the provisions of section 104, rules 1 and 2 of the Civil Pension Code, as the storekeeper is a member of the permanent establishment.

This office was quite aware that the storekeeper was a pensioner and the Supg. Engineer is mistaken in supposing that Civil Pension Code section 104, rules 1 and 2, do not apply in his case.

2. The object of rule (1) is to prevent the State being unnecessarily burdened with a charge on account of a non-effective man, and precautions against this are equally necessary whether the servant is becoming non-effective for the first time, or whether he is reverting to the non-effective list after an interval of re-employment.

3. The fact of the storekeeper being a pensioner in no way affects his right to three months' notice, or to pay in lieu of notice. There is not, as far as I am aware, any thing in the pension Code, or in any other, to suggest that rule (2) does not apply in such a case, nor can I see any reason whatever why it should not apply. The logical conclusion from the Supg. Engineer's implied argument would seem to be that, though a servant on the permanent establishment cannot be discharged, and put on no pay, without notice, yet he may be put on reduced pay without notice.
