No. 1507

The present northern sub-division
was formed in February 1888 by the
amalgamation of the old northern
sub-division (A) and the old head
quarters sub-division (B), vide G.O.
No. 717 W. dated 1st. March 1888.
(A) was examined on the 19th.
October 1887, but (B) was last
examined on the 5th. July 1887, and
after the amalgamation the date of
last examination of the amalgamated
sub-divisions was reported as 5th.
July 1887. If the date so reported
was wrong, it would seem that the

Northern Sub Division
Office - of Krishna Eastern
Division - Reports that was
inspected by E. Engineer on
19th October 87-

responsibility for the error lies
primarily with the Executive Engineer,
but it seems to me that the date
is quite right, for it is clear
that as far as the affairs of half
the sub-division are concerned,
there has been no inspection since
5th. July 1887.

2. At the date of the Supg.
Engineer's letter, viz 30th. May
1888, it would seem that even the
old Northern sub-division, the other
half, had not been inspected for over
six months. Six months counting
from 19th. October 1887, expired on
19th. April 1888, and if the sub-divi-
sion had been inspected in the
meanwhile it would probably have
been reported to the Supg. Engineer.
As the cash balance statement for
April is not yet to hand I cannot
say positively. It is due in a day
or two.

C.

P.S.

Since writing the above the
cash balance statement for April
