I so far agree with you that I am prepared to consider any modification of clause 2 of the proposed standing order which you may suggest, & to lay it before Govt for formal sanction. I maintain that the clause as it stands, is not suitable for the code.

the prohibitive rules for the purchase of articles of European manufacture in the local market not being applicable in certain cases of works carried out by contract, will you please obtain the orders of Government on the point. Government in their order No. 364 W. dated 1st. February 1888 concurred in the opinion expressed in my office note No. 1001 dated 26th. January 1888, which opinion included the words now objected to, or their equivalent. It seems necessary therefore that the sanction of Government should be obtained for the omission of any part of the opinion.

2. I think myself that it would be a mistake to omit the words in question, because, in their absence, the rule would imply that any contract for a portion only of the work, if including English materials, would necessarily be objectionable. I do not think this would be right; but I think Superintending Engineers and the Examiner should look carefully into partial contracts as possible evasions of the rule. The draft standing order may not express this

One standing order inserting note 2 to rule 2 of Appendix G, regarding the prohibitive rules for the purchase of articles of European manufacture in the local market not being applicable when a work is carried out wholly by contract, based on G.O. No. 364 W. dated 1st. February 1888.

One do inserting a note under para 31 of Appendix G, introducing a list of books and periodicals etc. authorised by Government for issue to officers of the department, based on G.O. No. 314 W. dated 26th. January 1888.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from J. W. MARTIN, Esq., Officiating Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 10th January 1888, No. 14 E.W.:—

Adverting to G.O., 2nd July 1886, No. 1679 W., and G.O., 5th December 1887, No. 3319 W., regarding the purchase of English stores, I have the honor to request instructions as to whether those orders refer only to the purchase of stores for works carried out departmentally or whether they include works carried out under contract.

Note from the Examiner, Public Works Accounts, dated 26th January 1888, No. 1001.

The prohibitive rules regarding the purchase of articles of European manufacture in the local market do not seem to apply to cases where work is being carried out by contract, provided there is a *bona fide* contract for the execution of the whole of the work; but any arrangement under which a portion only of a work is given out on contract, such portion including work for which English materials are required, would probably be objectionable.

ORDER—dated 1st February 1888, No. 364 W., Public Works.

The opinion of the Examiner, Public Works Accounts, which is concurred in by the Government, will be communicated to officers of the department for information and guidance.
