12th August 1887, No. 2150 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from G. H. W. Walker, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 25th July 1887, No. 1435 G.:—

I am directed to communicate the following instructions relative to the calculation of furlough in the case of Royal Engineer officers on the Imperial list in civil employ who have elected for continuous service in India, and to whom furlough is now to be granted under Civil Leave Rules.

I. *Civil Leave Code, Chapter V, Section* 48.—The "active service" of such an officer is to count from the date on which he entered civil employ.

The furlough earned by him is one-fourth of such active service plus the amount of furlough that he may have earned under military rules prior to his entering civil employ.

Thus, if an officer had landed in India on 1st January 1872, and had remained in military employ till 1st January 1884, on which date he was posted to the Public Works Department, and thus entered civil employ, the *amount* of furlough would be (provided all such service counted for furlough under the Military Rules of 1868) as under:—

	YRS.	M.
For the first eight years	2	0
From 1st January 1880 to 1st January 1884, $\frac{4}{6} \times 1 =$	0	8
Total ...	2	8

To this he would add one-fourth of his Public Works Department service, counting for furlough under Civil Leave Rules.

II. *Civil Leave Code, V,* 49.—The amount of furlough due to such an officer is the amount he has earned, diminished by the furlough which he has enjoyed both under Military Rules (other than furlough under rule XI of 1868) and under Civil Leave Rules.

III. The leave allowances to an officer, under Civil Leave Rules, are indicated in sections 57, 58 and 60 of the Civil Leave Code. A Royal Engineer officer coming under Civil Leave Rules should draw furlough allowances calculated at the annual rate of exchange, irrespective of any privileges in this matter he may have had under former rules.

IV. *Civil Leave Code, V,* 61.—An officer who has taken leave on urgent private affairs, under rule XI of the Furlough Regulations of 1868, cannot be granted special leave until he has rendered six years' active service after his return to duty from such leave.

V. *Civil Leave Code, Section* 63.—The allowances during special leave indicated in this section are not affected by any leave previously taken under rule XI of the Furlough Regulations of 1868.

VI. Furlough on urgent private affairs, under rule XI of 1868, counts as part of the three years' service required after his last furlough before an officer can take furlough under the Civil Leave Rules.

VII. Furlough on urgent private affairs, under rule XI of 1868, does not count in the maximum furlough of six years allowed in section 47, Civil Leave Code.

VIII. Local Governments and Administrations will exercise the same power in regard to the grant of leave that they do in the case of civil officers (*vide* Public Works Department Code, vol. I, chapter IV, paragraph 27).

It is believed that the above explanations will meet the generality of cases of Royal Engineer officers who have elected for continuous service and are in civil employ; special rulings may be required to meet certain individual cases, not covered by the above, which should be submitted for orders as they come to notice.

Amended last-pay certificates, revised in accordance with the above instructions, should, wherever necessary, be sent to the Secretary of State without delay through the usual channel, and Examiners of Accounts should be instructed accordingly.

ORDER—dated 12th August 1887, No. 2150 W., Public Works.

Communicated to Royal Engineer officers of the Public Works Department who have elected for continuous service in India; also to the Examiner, Public Works Accounts, and the Military Department.

2. The attention of the Examiner is drawn to the last clause of the Government of India letter.

3. With reference to G.O., No. 455 W., dated 14th February 1887, the Examiner will report what amount of furlough was due to Major A. C. Smith, R.E., at the time of his departure for England.

AUGUST.

Furlough

Royal Engineer officers.—Orders on letter from the Government of India issuing instructions relative to the calculation of furlough in the case of — on the Imperial list in civil employ who have elected for continuous service in India.

17TH MARCH 1888, No. 881 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from Colonel R. C. B. PEMBERTON, R.E., Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 3rd March 1888, No. 501 G.

I am directed to request that the following may be substituted for clause I of Government of India Public Works Department letter, No. 1435 G., dated 25th July 1887, communicating certain instructions relative to the calculation of furlough in the case of Royal Engineer officers on the Imperial List in civil employ, who have elected for continuous service in India and are granted furlough under Civil Leave Rules.

I.—*Civil Leave Code, Chapter V, Section* 48.—The "active service" of such an officer is to count from the date on which he elected for continuous service in India.

The furlough earned by him is one-fourth of such active service *plus* the amount of furlough that he may have earned under military rules prior to the date on which he elected for continuous service in India.

Thus, if any officer landed in India on 1st January 1874, and, after entering civil employ, elected for continuous service in India on the 1st July 1886, the amount of his furlough (provided that all his service up to that date counted towards furlough under the Military Furlough Regulations of 1868) would be as under:—

	YRS.	M.
For the first 8 years	2	0
From 1st January 1882 to 30th June 1886 $4\frac{\frac{1}{2}}{6} + 12 =$	0	9
	2	9

To this he would add one-fourth of his active service from 1st July 1886 counting for furlough under the Civil Leave Rules.

2. It will be observed that under this revised rule, service counting towards furlough under the Civil Leave Code begins from date of electing for continuous service in India, instead of from date of entering civil employ as provided for in the original rule. I am to request that if any officer has already been granted more furlough under the original rule than what he is entitled to under the revised rule, the case may be reported to the Government of India for orders.

3. I am also to state that if in any other case the Last Pay Certificate of an officer on furlough out of India may require revision, under the orders now communicated, in respect to the period for the terms on which his leave may be extended or commuted, an amended Last Pay Certificate should be sent to the Secretary of State through the usual channel without delay, and Examiners of Accounts should be instructed accordingly.

Order—dated 17th March 1888, No. 881 W., Public Works.

Communicated, in continuation of G.O., No. 2150 W., dated 12th August 1887, to Royal Engineer officers of the Public Works Department who have elected for continuous service in India; also to the Examiner, Public Works Accounts, and to the Military Department.

2. The Examiner will report whether any officer has been granted more furlough under the original rule than he is entitled to under the revised rule.

3. The instructions in paragraph 3 will be noted for guidance by the Examiner.

To

W.

With reference to para 2 of G.O. No. 881 W. dated 17th. March 1888, I beg to report that Major D. Mc Neil Campbell R.E. has been granted leave to the extent of two years, which is in excess of that due to him under the new rule by 82 days. An amended duplicate of the final last pay certificate of that officer is herewith sent for transmission to the Financial Department of the India Office.

2. The delay in the submission of this report is due to the necessity of referring to the Adjutant General for information regarding the furlough earned under the military rules on date of election by Royal Engineer Officers who have elected for continuous service in India.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 4th June 1888

Read the following

Office note from the Examiner. Pw. Accts A.E. No. 1544 d/ 23rd May 1888.

Ordered that the Government of India be addressed.

To the Secy PWD.

D 4/6

A.E. No. 1618 W d/4th June 1888

To

The Secretary to the Govt of India P.W.D.

Sir

With reference to para 2 of your letter No. 501 G. d/ 3rd March 1888, I am directed to report that Major D. McNeil Campbell R.E. Executive Engineer 1st grade, who has elected for continuous

Indian Service, was in February 1887, granted furlough to Europe on private affairs for one year two months and seventeen days, that being the amount of leave — certified by the Adjutant General to be at his credit.

2. On receipt of your letter No. 1435 G. dated 25th July 1887, an amended last pay certificate showing that furlough on private affairs for two years could be granted to Major Campbell, was forwarded to the India Office; and that Office after obtaining the assent of this Government, had his furlough extended accordingly by the Secretary of

of State, to a period of two years.

3. It is now found that under the ruling conveyed in your letter No. 501 G. dated 3rd March 1888, Major Campbell has due to him only one year & 283 days furlough on private affairs, and that he has therefore been granted under the ruling of July 1887, eighty two days furlough in excess of the period to which he is entitled under the revised ruling of March 1888. Under para 2 of your letter of 3rd March 1888, I am directed to report the case for the orders of the Government of India

India, and to forward an amended last pay certificate for transmission to the Secretary of State.
