Madras

SIR,

I have the honour to submit for sanction of Government a Plan and Estimate amounting to Rs 8500 for constructing a new Division Office at Cuddapah. The design is in accordance with the Combined Executive Engineer and Supt. Engineer's Office built at Bellary.

2. The building at present used as the Division Office is so dilapidated as to be unsafe, and it will not stand much longer; the provision of a new building for the Division Office is therefore absolutely necessary.

I have the honour to be,

Sir,
Your most obedt servant

H Smalley Col R.E.

3. Many works shown in the class C list are certainly as important as those in class B, though the limit necessarily placed on the latter excludes them from it. If therefore the Government of India makes an unusually liberal grant in the coming year, it can be taken full advantage of.

In accordance with the precedent of last year, lists D and E of minor works to be removed from and added to the list of that class of works as it stood in 1886-87 are also submitted; after all that has been urged in past years and in recent correspondence regarding the necessity of specially large grants for this class of works, it will be unnecessary now to say anything on the subject to their claims.
