GOVERNMENT OF MADRAS  
PUBLIC WORKS DEPARTMENT.

General.  
Account.

READ—the following paper :—

Office Note by the Examiner, Public Works Accounts, dated 2nd June 1888, No. 1592.

ORDER—dated 11th June 1888, No. 1724 W., Public Works.

The Government direct that all sanctions given by Superintending Engineers under the powers vested in them by the Public Works Code be communicated by them to the Examiner, Public Works Accounts, simultaneously with the communication to the Executive Engineer concerned, in order that prompt action, when necessary, may be taken by the Examiner.

2. The substance of this order will be embodied in the Public Works Code.

Office Note No. 1592

To

With a view to a satisfactory audit by this office it is essential that all sanctions given by Supg. Engineers, should be communicated by them to this office simultaneously with the communication to the Executive Engineer concerned, in order that, when irregular, they may be challenged before they are acted upon, instead of after.

2. At present in most circles the majority of sanctions given by these officers are merely quoted by Executive Engineers in accounts, or other documents, and unless and until the sanction is called for it is seldom communicated to this office at all, and then generally by the Executive Engineer and not by the sanctioning Supg. Engineer.

3. I would therefore request

that Government be moved to authorize the issue of a standing order requiring Supp. Engineers to communicate to this office all sanctions of whatever nature given by them with all necessary particulars, so that, if action has to be taken thereon by this office, it may be promptly taken.

4. Having regard to the length of time that it takes to pass a standing order through the press, I should be glad if instructions to the above effect, if approved by Government, could be issued forthwith in a G.O.
