12TH JUNE 1888, No. 1743 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from R. W. BARLOW, Esq., C.S., Chairman, Harbour Trust Board, to the Chief Secretary to Government, Marine Department, dated 31st May 1888, No. 763 :—

I have the honor to acknowledge the receipt of G.O. No. 1624 W., dated 4th June 1888, in reference to the wave-breaker screen to the south arm of the harbour, and with regard to the remark that widening the wave-breaker screen should not "interfere with the construction of the southern arm of the harbour," I have the honor to forward copy of a letter No. 258, dated 28th May 1888, received from the Board's Engineer, and to observe, with regard to para. 3, that the Trust have not the slightest intention to advance the wave-breaker screen to the full 40 feet, exactly "as the wall advances," but only to afford this protection as soon as may be practicable, as the wall progresses, without delaying its construction; and instructions to this effect will be issued to the Engineer.

ENCLOSURE.

From F. N. THOROWGOOD, Esq., Superintendent, Madras Harbour Works, to the Chairman, Harbour Trust Board, dated Madras, 28th May 1888, No. 258.

With reference to your memorandum No. 679, of 25th May, on a Government order with (as yet) no number or date, I have to report that the dismantling of the wave-breaker had already been commenced before receiving the Government order in question.

2. There is a remark in the Government order which is of doubtful meaning, viz., "with the understanding that the work of widening the wave-breaker will not interfere with the construction of the southern arm of the harbour."

3. Of course, building the wave-breaker to the full 40 feet width as the wall advances will delay progress immensely, so that the harbour will be exposed to the open sea on the southern half much longer than was ever anticipated. I trust this is understood.

Transferred to the Public Works Department.

(By Order.)

OOTACAMUND,
6th June 1888.

(Signed) W. S. MEYER,
Assistant Secretary.

ORDER—dated 12th June 1888, No. 1743 W., Public Works.

Madras Harbour Works

Recording Proceedings of the Marine
Department forwarding letter from the
Chairman, Harbour Trust Board, regarding
the widening of the wave-breaker screen
the southern arm of the harbour.

Harbour Trust Board Office,

MADRAS,

1888

No. 763

FROM

R. W. Barlow Esquire. C.S.

CHAIRMAN, HARBOUR TRUST BOARD,

MADRAS,

TO

The Honorable Mr. W. E. Stokes C.S.

CHIEF SECRETARY TO GOVERNMENT,

Marine Department.

Ootacamund.

Sir

I have the honor to acknowledge the receipt of G.O. No. 1743 W. dated 12th June 1888 in reference to the wave breaker screen to the south arm of the Harbour, and with regard to the remark that widening the wave-breaker screen should not "interfere with the Constellation of the Southern arm of the Harbour," I have the honor to forward copy of a letter No. 258 dated 28th May 1888, received from the Board's Engineer, and to observe with regard to para 3, that the Trust have not the slightest intention to advance the wave-breaker

screen to the full 150 feet, exactly
as the wall advances but only to
afford this protection as soon as
may be practicable, as the wall
progresses, without delaying its
construction; and instructions to
this effect will be issued to the
Engineer.

I have the honor to be
Sir

Your most Obedient servant

W. Moorhead
Chairman

Harbour Trust Board.

From

Madras 28 May 1888.

Sir

With reference to your Memo.
No 679 of May 25 on a Government
Order with (as yet) no No. or date,
I have to report that the dismantling
of the wavebreaker had already
been commenced before receiving
the G. O. in question.

2. There is no remark in the
G. O. which is of doubtful meaning
viz with the understanding that
the work of widening the wavebreaker
will not interfere with the construction
of

of the Southern arm of the Harbour.

3 Of course building the
wavebreaker to the full 40 feet width
as the wall advances will delay
progress immensely so that the
harbour will be exposed to the
open sea on the Southern half
much longer than was ever
anticipated. I trust this is
understood.

I have the honour to be
Sir

Your most obed^t serv^t
Edw. L. Thorneycroft
Superintendent
Madras Harbour Works.
