P. Haldwell Esq.
District Board Engineer
Nilgiris.

Sir,

With reference to your endorsement No. 243
of 12th Instant, in Nilgiris Executive Engineer's
No. 3510 of 10th Idm, I beg to lay the following
for your favourable consideration & approval, the
Inspection Shed at Taurachery is purposely built
for the use of Subordinates in D.M.S.

The place was so thickly jingled
as to afford little or no accommodation, there were
no villages and in fact no shelter to halt any
where on the whole line, especially from the
of ghat as far as Mallaparumba Tall Barr
near Calicut; consequently it was first diag-
by Messrs. Ganman & Todd to build pack
lodgings for Engineers, this Establishment
well as this shed and accordingly it was sa-
-tioned by the Government.

While carrying out these works
unfortunately Mr. Cormac the late S. D. O.,
made the plan & gave up the idea of
the above buildings, thinking that the pos-

Vermancu

raised about the rent.

Under these circumstances I think that it is a very hard thing now to demand for the rent after so long a time; therefore I humbly beg to request you will be so good as to address the Executive Engineer West Coast Division to reconsider the matter once more and relieve me from paying the amount.

I beg to remain
Sir,

Your most obedient servant

Sir,

Enclosure,

I have the honor to enclose an original letter from late Temporary Superintendent Kendothra Calicut Vaythu Road objecting to pay rent at Rs 6 from March to January 1888 for the Samraacher Inspection Shed.

2. I would observe that this shed was only brought on the Register of Buildings in September last in consequence of Government Order No. 2527W of the 23rd September 1887.

3. While doubtful if it was intended to charge non Permanent

(Note Superintendents)

Permanent subordinates, for each accommodation, it seems in any case to be so giving the Government Order retrospective effect.

4. The Examiner in his Audit Note for September, 1888 1887? required why rent had not been collected

5. If considered that it should be levied in this case, Kendaappa having joined the Chikpuri Local Fund Establishment, it would only seem claimable at Rs 4-6-0 (7½ per cent on value of the shed Rs 700) from September 23 to January 26 at most.

Have the honor to be

Sir

Enclosure - One.

As the road superintendent was a temporary servant, whose pay was chargeable to works, I do not think there can be any objection to Government foregoing the rent, if they are disposed to do so. Such men are in a different case from members of the permanent establishment. The pay of the latter is fixed on the supposition that they house themselves, and they get certain fixed allowance for camp work (travelling) and for living in localities where house-rent is especially dear, and so on. The pay of the former is fixed with reference to the circumstances of the work on

which they are engaged, and in this case it would seem to have been understood that the road superintendent was to live rent free in this way. Virtually his pay was fixed on the understanding that he should live in the shed rent free.
