works are otherwise complied with,
they may be at liberty to proceed
at once with the work.

2. To save time necessary
instructions on this point have been
given to Executive Engineers in
my circular No. 4 dated 16th. May
1888, copy attached, but it seems
desirable to codify these instruc-
tions, and I accordingly beg to submit
herewith for the approval of Govern-
ment a draft standing order on the
subject.

CIRCULAR No. 4 of 1888.

From

MAJOR C. H. P. CHRISTIE, R.E.,
EXAMINER, P. W. ACCOUNTS,
Madras,

To

ALL EXECUTIVE ENGINEERS.

Madras, 16th May 1888.

THE following is forwarded to all Executive Engineers, with the following remarks, for information and guidance.

2. On receiving, from the Collector or Treasury Officer the extract, referred to in the Circular Memorandum from the Accountant-General, Madras, showing contributions paid into the Treasury during the previous month, the Executive Engineer should at once credit the amount in his adjustment book to "Deposits Contributions" by debit to "Transfers Divisional, Examiner's Division," and he will then be at liberty to proceed with the work, provided sanction of Government, as required by Code para. 1339, has been previously obtained.

C. H. P. CHRISTIE, Major, R.E.,
Examiner, P. W. Accounts,
Madras.

Copy of Circular Memorandum from the Accountant-General, Madras, to all Collectors and Treasury Officers, No. 10, dated 4th April 1888.

In order to obviate delay in the commencement of Public Works, which are to be constructed wholly, or partly, from contributions received from private parties, the undersigned has the honor, at the instance of the Examiner, Public Works Accounts, to request that an Extract from Form 67, Civil Account Code, Volume I, 4th Edition, showing such contributions received into Treasuries during a month, may be furnished to the Executive Engineers concerned, on the 6th of the following month.

OFFICE NOTE No.

1639

Encl. 2

To

W.

Instances of delays of from four to five months have occurred in advising this office of the recovery of contributions in aid of Public Works realized in the Civil Department. Such contributions realized through Revenue Officers are frequently contributions towards works connected with tanks and other irrigation works, and in such cases, the delay of even a month often means the loss of a whole season for the work. I have accordingly arranged in communication with the Accountant General Madras, for Collectors and Treasury Officers to furnish Executive Engineers, as early as possible, with information regarding the recovery of contributions so that, provided the rules which govern the execution of such
