Sir,
I am directed to forward
for the orders of the Gnt of India,
the accompanying application in
original from Mr. J. Span late
Executive Engineer, P.W. Dept, in which
he asks for an increased rate of
pension which he wrongly supposes
he could draw under the terms
of the Resolutions of the Gnt of

retirement cancelled and two years furlough on half pay granted to him under the terms of Govt of India letter No 1940 G dated 3rd October 1887.

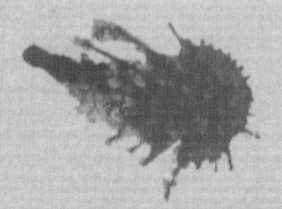

3. It will be seen from the Examiner's report No 1435 dated 3rd May 1888 on the application that even if Mr. Spaw be allowed to have his pension fixed by the rules introduced after his retirement was sanctioned he would not be entitled to more than he now draws - viz Rs 4000/- per annum.

4. His request to be granted furlough ~~under orders issued~~ after he had left the service seems wholly inadmissible. - b/c a matter for the consideration of the Govt of India.

From

The Honorable H.C. Stokes
Chief Secretary to the Government

Colacammund the 5th June 1888

Sir,

The accommodation for the Sub
Registry office at Madhargunam in the district of
Tanjore consists, as per sketch enclosed, of two rooms,
attached to the taluk catchery, measuring 18' x 14'
and 12 x 14'. The larger room is used for the office,
and the smaller one for the custody of the records.

1. The Sub Registrar reports that the
record room "is now wholly filled up with six
almirahs, all almost full of records, and one
could with difficulty get round the room."

The office room has six doors "one
of which communicates with the sub magistrate's
office and is always closed. The others are all
kept open during office hours and reduce
considerably the already insufficient space."

This

This reduced space is crowded by 6 tables 9 chairs
and 4 benches, and the parties resorting to registra-
tion are examined in "an unoccupied space
less than three feet square in extent."

3. The Sub Registrar proposes, and
the Registrar agrees with him, that the room used
for the office should be converted into the record
room, and the room used as the record room be
extended, so as to afford sufficient accommodation
for the sub registrar, his clerks, and the parties
who come for registration.

4. Registration has advanced so
considerably since 1880 that the estimate formed
originally of the accommodation required for
sub registry offices is found now to be insufficient
in many places. I approve therefore of the pro-
posal of the sub-registrar, and have the honor to
recommend that the sanction of the Government
may be given in the Public Works Department for
the preparation of plan and estimate for enlarging
the Sub Registrar's office at Madhyanam
in the way suggested.

I have the honor to be,
Sir,

Your most obedient servant

W. Hammett
Inspector General of Registration
