GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—again the following :—

G.O., dated 8th February 1888, No. 456 W., Public Works.

Read—the following paper :—

No. 12 E.W.

Note by the Chief Engineer for Irrigation.

The Superintending Engineer, Periyár works, in his programme of work proposed to be done on the project during his absence in England, forwarded with letter No. 498 P.R., dated the 7th instant, states that the existing establishment for the Periyár division will, up to the end of May next, be sufficient, except that one or two subordinates may be required whose entertainment may be sanctioned on receipt of an application for their services when found necessary.

2. The Superintending Engineer proposes the formation of a second division for work in the plains ; this to have effect from the date on which the establishment of the first division returns to the Periyár valley to resume the work there. This proposal is approved. Two more Overseers, at Rs. 100 each, for the first division and the following establishment for the second division will be required from 1st June next :—

1 Executive Engineer, 4th Grade.
1 Assistant Engineer, 2nd „
1 Supervisor.
2 Overseers.

A 1st-class division office establishment may be allowed to each of the first and second divisions, the salaries of the appointments being fixed at the average rates for the various grades, as no increments are admissible to members of the temporary establishment.

3. The following office establishment for the Superintending Engineer from 1st July next, the probable date of his return from England, may also be sanctioned :—

	RS.
1 Head Clerk	100
1 Clerk	60
1 Do.	40
1 Draughtsman	60
2 Messengers, Rs. 10 each	20
4 Lascars, Rs. 9 each	36
Total ...	316

4. A proposition statement showing the present and proposed establishments is enclosed. Later on, when the works get into full swing, the necessity for a further increase to the establishment may be considered. It is suggested that at least half the number of upper subordinates may be men of the permanent establishment with some experience.

5. The Superintending Engineer suggests that, during his absence, the Executive Engineer of the Periyár division may be placed under the immediate orders of the undersigned, and be vested with the powers of a Superintendent of Works under para. 240 of the Public Works Code. This proposal is approved on the understanding that no claim for higher salary or allowance for exercising special functions will be preferred on behalf of the Executive Engineer.

Chepák,
24th January 1888.

(Signed) H. R. MEAD, Colonel, R.E.,
Chief Engineer for Irrigation.

To the Chief Engineer, Public Works Department.

Order—dated 8th February 1888, No. 456 W., Public Works.

During the absence in England, on special duty, of Colonel Pennycuick, R.E., Superintending Engineer, Periyár Project Works, the Executive Engineer of the Periyár division will be under the immediate orders of the Chief Engineer for Irrigation, and will exercise the powers of a Superintendent of Works, as defined in para. 240 of the Public Works Code. It must be understood, however, that this order gives the Executive Engineer no claim to extra allowances on account of the special powers temporarily vested in him.

2. Orders will be passed hereafter on the other points in the Chief Engineer's Note above recorded.
