Sir,

With reference to your endorsement N^o 444 D. L. of 24th March 1888 on the Dy Chief Engineer's Memo N^o 1121 C of 15th March 1888, I have the honor to inform you that Mr. W. Knowles Chief Engineer formerly used a private building for his Office work, while at Koraput on duty, but the building above referred to was subsequently occupied and there was no building available for his Office. He occupied a room, at 4 annas per diem, in the Travellers Bungalow at Koraput for his Office during his stay at that place in August, September & October 1887, and paid Rs. 8-4-0 on account of rent.

An inspection bungalow has been sanctioned for Koraput and when this is erected Mr. Knowles will have proper accommodation during his halts at that place and in the mean time he will be directed not to incur any charges for his Office similar to that under reference.

I have to request that the sanction of Government may be obtained to pay the charge (Rs. 8-4-0) already incurred.

I have seen you

SIR,

I have the honor to inform
you that the Executive Engineer, Vizag-
apatam Division reports, that the
Assistant Engineer in charge Koraput. Sal-
Division has incurred a charge of
Rs 8.40 on account of having
occupied a room, at 4 annas per
diem in the Travellers Bungalow at
Koraput as his office during his
stay at that place in the months
of August, September & October 1887.
There being no other possible accom-
modation available there, and to
request therefore that you will be so
good as to obtain the sanction of

Government to this Charge & also
to any future Charge on the account
not exceeding Rs 3 a month. The
Head Quarters of the Sub Division
Officer is Potinghy 27 miles from
Koraput

I have the honor to be
Sir,

Your most Obedt Servant

C. S. Swales
Superintending Engineer
1st Circle

and also from the Supg. Engineers
letter it appears that permanent
office accommodation, or even office
accommodation during the whole time
he is at Koraput, is not required.

A separate tent for office purposes would not be allowed at the public expense when the officer is in camp, nor would he be allowed to charge anything for office rent if he were living in his own house (vide Code para 831), and therefore it seems very doubtful whether he can be allowed to charge anything for office rent for any portion of a building which he hires for his temporary accommodation.

2. Further information seems desirable as to the circumstances under which occasional office accommodation is required. From the officer's movements as given in his journals and from previous claims,

Memo.

With reference to his letter
No. 374 V.Z. dated 1st January 1888,
the Superintending Engineer I circle
is requested to state the circum-
stances, under which occasional office
accommodation is required by the
Sub-divisional Officer, Koraput.

From the Officer's movements as
given in his journals, and from
previous claims, as well as from the
Superintending Engineer's letter, it would
appear that permanent office
accommodation, or even office
accommodation during the whole
time he is at Koraput, is not
required.

The two first statements
made by C are open to
question.
An office tent is attached
to many Divisional offices.
When a portion of a house
is put up for an office, the
house is one of the result.
