21st June 1888, No. 1852 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From S. D. PEARS, Esq., Assistant to the Chief Engineer for Irrigation, in charge of Tank Restoration Scheme, to the Chief Engineer for Irrigation, dated 17th March 1888, No. 567 T.

I have the honor to submit two proposition statements showing the temporary and work establishments required for tank restoration scheme, for the year 1888-89, for renewed sanction, under para. 184, clause iii of the Public Works Code.

2. As the work of the head office, attached to the office of Chief Engineer for Irrigation, is likely to be increased by the formation of a fifth party, and the addition of a sub-party to each of the existing four parties, three extra draughtsmen, on Rs. 12, are allowed for, who will not, however, be appointed until they are actually required.

3. Two permanent members of the head office are entitled to increments, for which allowance has been made, and a small increase of salary is provided for, for several others, whom it may be desirable to promote in the course of the year.

4. One extra draughtsman is required for No. IV party, where the field work is much in advance of the office work. This will probably be only a temporary measure until the arrears in office are cleared off.

5. The amount required under "establishment" will be Rs. 43,200 against the present sanction of Rs. 43,152, or an excess of Rs. 48. Under "petty establishment chargeable to works" Rs. 47,440 will be required against Rs. 46,000, or an excess of Rs. 1,440. This is due to the surveyors' Kurnool allowances, sanctioned in G.O. No. 743 I., dated 29th November 1887.

6. There will be an actual saving on both heads, as several subordinates are not drawing the full sanctioned amount of pay, which is only asked for, as in the current year, to allow for promotions and transfers.

No. 32 E.W.

Forwarded to the Chief Engineer, Public Works Department, with the recommendation that the subordinate and office establishment proposed for tank restoration scheme for next year may be sanctioned. The estimate of the cost of survey establishment chargeable to works will be dealt with in the Irrigation Branch.

2. The salaries proposed are, in some instance, more than those actually drawn at present, and are intended to obviate the necessity for obtaining the sanction of Government every time it is considered desirable to grant an increase to any member of the establishment, and to admit of transfers of overseers from one party to another without affecting their pay. It is proposed to add three draughtsmen, on Rs. 12 each, to the Central office, and one draughtsman on Rs. 20 to the No. IV party, as it is found difficult to get through the work with the present establishment.

The pay of muchee, messenger and one lascar is proposed to be increased from 10 to 12, 8 to 10 and 6 to 7, respectively, in consideration of their good service for several years.

Ootacamund, (Signed) H. R. MEAD, Colonel, R.E.,
31st March 1888. Chief Engineer for Irrigation.

To the Chief Engineer, Public Works Department.

Office note from the Examiner, Public Works Accounts, dated Madras, 5th May 1888, No. 1442.

Office Note from the Chief Engineer for Irrigation, dated Madras, 29th May 1888, No. 89.

Your office note No. 1838 C., dated 9th May 1888.

A revised proposition statement of temporary establishment for the tank restoration scheme for 1888-89 is herewith forwarded. The provision for upper subordinates is omitted, as requested. The designation of the three men for whom Rs. 12 each are provided has been altered from "draughtsmen" to "copyists," as they are intended solely to be employed in copying plans,—a work on which it will be waste of money to employ draughtsmen.

2. As the last clerk of each of the first four parties may also be employed on drawing, the words "or assistant draughtsman" have been added to his designation.

3. As the drawing work in the No. V party, which has been started this year is more than one man can do, an additional draughtsman on Rs. 30 has been provided for.

4. It is requested that sanction to the proposed scale of establishment may be accorded with retrospective effect from 1st March 1888, the previous sanction having expired on that date.

Office Note from the Examiner, Public Works Accounts, dated Madras, 12th June 1888, No. 1659.

Your office note No. 2058 C., dated 1st June 1888.

2. The proposal to the appointment of three "copyists," at Rs. 12 per mensem each, is inadmissible under paras. 46 and 188 of the Madras Public Works Code. They should apparently be sanctioned either as clerks or as draughtsmen.

Order—dated 21st June 1888, No. 1852 W., Public Works.

The statement of temporary establishment, required for the tank restoration scheme during 1888-89, is sanctioned with effect from 1st March 1888.

2. This sanction has been registered as Provincial No. 26 W. of 1888-89, and classified as Establishment, Temporary.

Enclosures. 2

SIR,

I have the honor to submit two proposition statements shewing the temporary and work Establishments required for Tank Restoration Scheme, for the year 1888-89 for renewed sanction, under para 184, clause iii of the P.W. Code.

As the work of the Head Office attached to the Office of Chief Engineer for Irrigation, is likely to be increased by the formation of a 5th Party, and the addition of a Sub party to each of the existing 4 Parties, 3 extra Draughtsmen on Rupees 12 are allowed for, who will not, however, be appointed until they are actually required.

Two permanent members of the Head Office are entitled to increments, for which allowance has been made, and a small increase of salary is provided for, for another, whom it may be desirable to promote in the course of the year.

One extra draughtsman is required for No. III Party, where the field work is much in advance of the Office work. This will probably be only a temporary measure until the arrears in Office are cleared off.

The amount required under "Establishment" will be Rs 43,200 against the present sanction of Rs 43,152 or an excess of Rs 48. Under "Petty establishment chargeable to Works" Rupees 7,440 will be required against Rs 6,000 or an excess of Rupees 1440. This is due to the Surveyors' Kumuk allowances sanctioned in G.O. No 7434, dated 29th Novr/97.

There will be an actual saving in both heads, as several

P 3

subordinates are not drawing the full sanctioned amount of pay, which is only asked for, as in the current year, to allow for promotions and transfers.

EXAMINER, P. W. ACCOUNTS.

Madras, 12 June 1888.

OFFICE NOTE No. 1659/Encl. ~~3~~ 4

To

W.

Your office note No. 2058 C. dated
1st. June 1888.

The proposal to the appointment of 3 "copyists" at Rs. 12 per mensem each is inadmissible under paras 46 and 188 of the Madras P. W. Code. They should apparently be sanctioned either as clerks or as draftsmen.

-WITH Genl. No.

188 .

Corrected to "clerks."
