To,

The Supt Engineer 1st Circle.
Doulaishwaram.

Sir,

I have the honor to submit an estimate amounting to Rs 650 for four Iron Rollers required to consolidate metal on the Potinghi-Koraput and Potinghi Ghat Roads.

The rollers will be supplied by Messrs Massey & Co and are of the same description as those in use by the Local Fund Depts in this District. Rollers weighing 11½ Cwt are of course, not so heavy as is desirable for new Road work but considering the difficulty of getting heavy weights up the Ghat and the fact that they will have to be worked by coolies unaccustomed to such labor, I think it would not be advisable to increase the weight of Rollers. Three Rollers I propose to use on the Potinghi Koraput Road, & one on the Potinghi Ghat between the 4th & 5th Mile and Sunki where the road is fairly level.
