Executive Engineer's Office

No 123

6th June 1888.

From

A. A. G. Malet Esq,
Executive Engineer of Mallore.

To

The Superintending Engineer,
II Circle.

Sir,

In reply to your endorsement ~
x Returned herewith No $\frac{155}{26.5.88}$ on Engineer's Office Note No $\frac{1942}{18.5.88}$
I have the honor to report as follows.

I took charge of the amalgamated
Mallore and Sangam Divisions in March/87.
Since then I have only been able to find
time to pay a flying visit to Angole the
Head Quarters of the Sub Division. I was
in the Sub Division from 28th January to
4th February 1888. I had not intended
to go as far as Angole but went up there
to settle some references on the 2nd February/88.

I was in Angole under 24 hours & had not
time to examine the Sub Division Office. I
checked the Cash balance with the Sub Division
Office

Office when he came to Vellore on the
11th April 1887 but as he had not got
his office with him I could not examine
it.

With the work I have at Head-
Quarters I do not see my way to
getting up North soon but hope to get up
there about July or August.

I will examine the office on the next
opportunity which will in fact be the
first one I have had.

I have
[sd] A. A. G. Mallet
Executive Engineer.

No 255 et. L.

Copy forwarded to the Chief
Engineer, Public Works Department, with
reference to his Memo No 1942C of the
18th May 1888.
